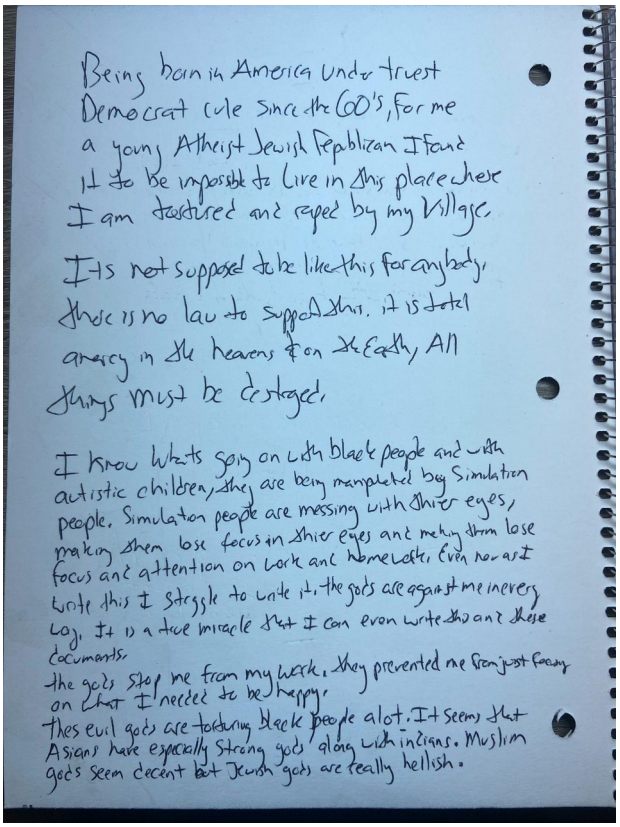
The Book of Nathaniel 111922 112322 Book The Dragon: God's Sins In Judgment

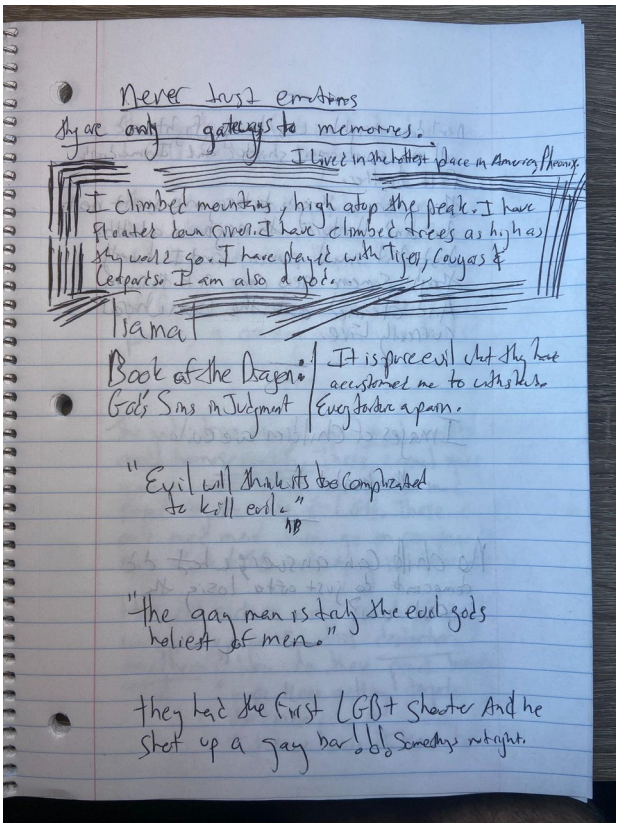
Author:
N. M. A. Burman



Being born in America under truest Democrat rule since the 60's, for me a young Atheist Jewish Republican I found it to be impossible to live in this place where I am tortured and raped by my Village.

It is not supposed to be like this for anybody, there is no law to support this. it is total anarcy in the heavens & on the Earth, All things must be destroyed.

I know whats going on with black people and with autistic children, they are being manipulated by Simulation people. Simulation people are messing with thier eyes, making them lose focus in thier eyes and making them lose focus and attention on work and homework. Even now as I write this I struggle to write it, the gods are against me in every way. It is a true miracle that I can even write this and these documents.
the gods stop me from my work. they prevented me from just focusing on what I needed to be happy.
thes evil gods are torturing black people alot. It seems that Asians have especially strong gods along with indians. Muslim gods seem decent but Jewish gods are really hellish.



Never trust emotions
they are only gateways to memories.

I lived in the hottest place in America, Phoenix.

I climbed mountains, high atop the peak. I have floated town river. I have climbed trees as high as they would go. I have played with tigers, cougars & leopards. I am also a god.

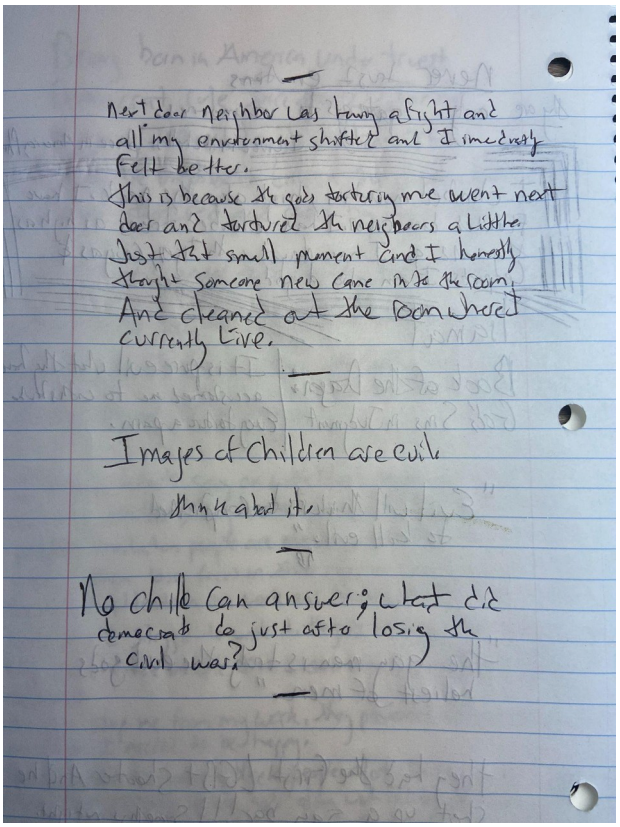
Isaiah

Book of the Dragon: | It is pure evil that they have accustomed me to catastrophes.
God's Sins in Judgment | Every torture a pain.

"Evil will thinkers be complicated to kill evil."
AB

"The gay man is truly the evil gods holiest of men."

they had the first LGBT shooter And he shot up a gay bar!!! Something not right.

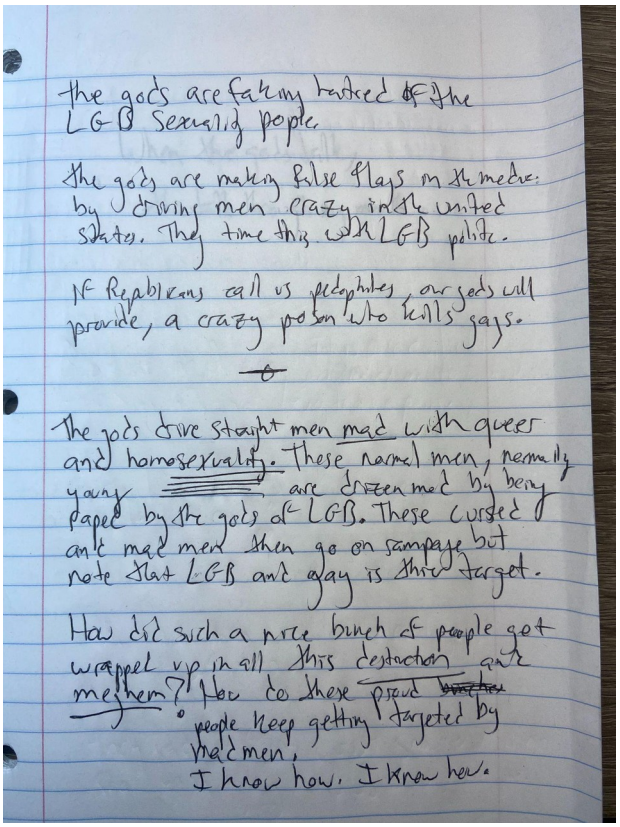


Next door neighbor was having a fight and all my entertainment shifted and I immediately felt better.
This is because the gods tortoring me went next door and tortured the neighbors a little. Just that small moment and I honestly thought someone new came in to the room. And cleaned out the room where I currently live.

Images of children are evil.

thank god it.

No child can answer; what did democrats do just after losing the civil war?



the gods are taking hatred of the LGB Sexually people.

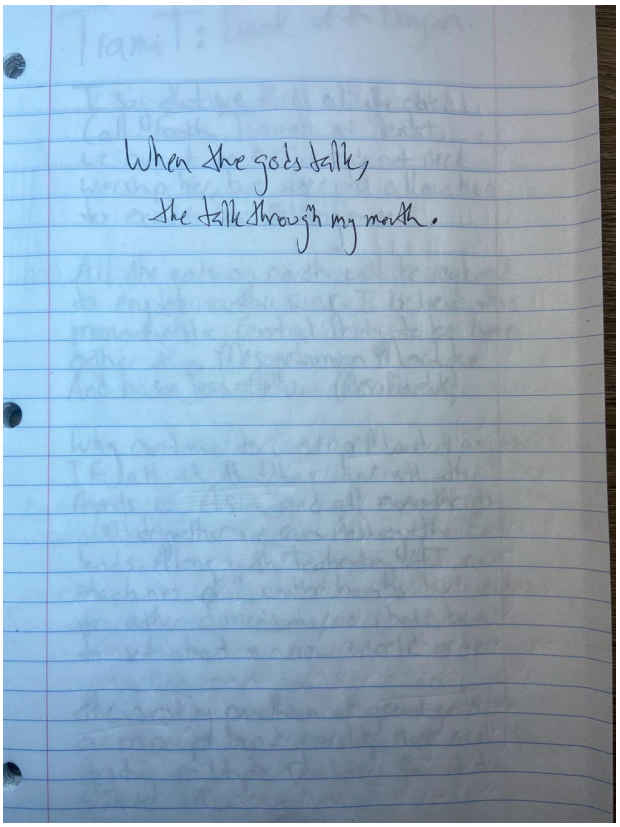
the gods are making false flags on the media by driving men crazy in the united states. They time this with LGB pride.

If Republicans call us pedophiles, our gods will provide, a crazy person who kills gays.

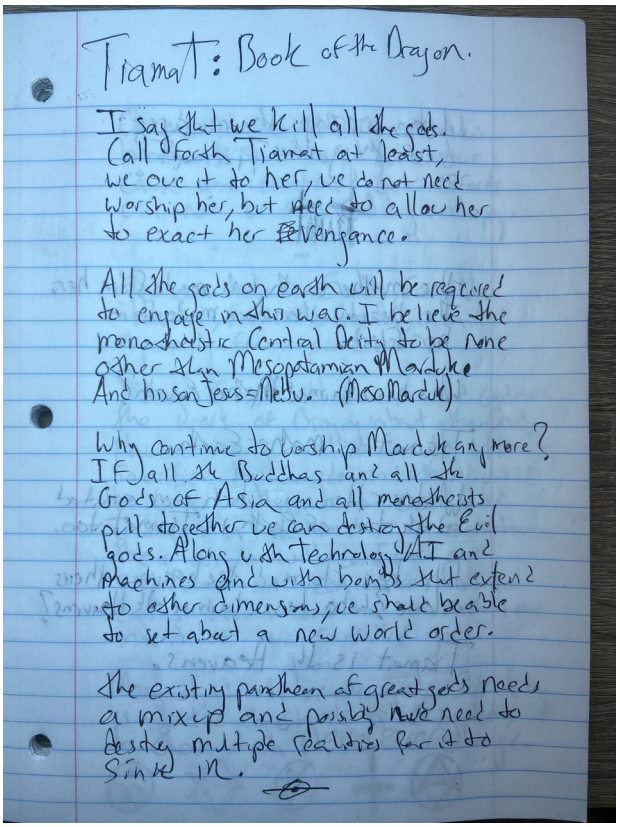
The gods drive straight men mad with queer and homosexuality. These normal men, normally young are driven mad by being raped by the gods of LGB. These cursed and mad men then go on rampage but note that LGB and gay is their target.

How did such a nice bunch of people get wrapped up in all this destruction and mayhem? How do these proud people keep getting targeted by mad men.

I know how. I know how.



When the gods talk,
the talk through my mouth.



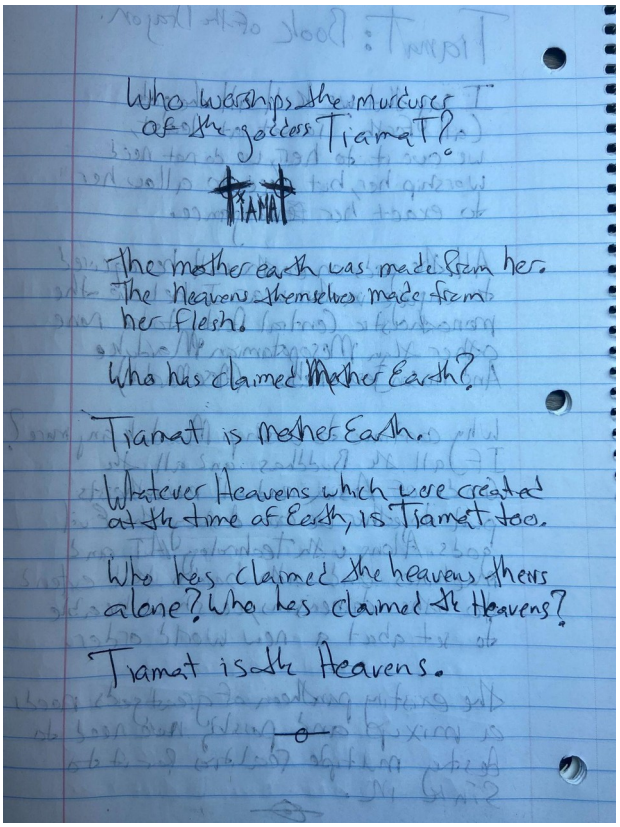
Tiamat: Book of the Dragon.

I say that we kill all the gods. Call forth Tiamat at least, we owe it to her, we do not need worship her, but need to allow her to exact her ~~E~~Vengance.

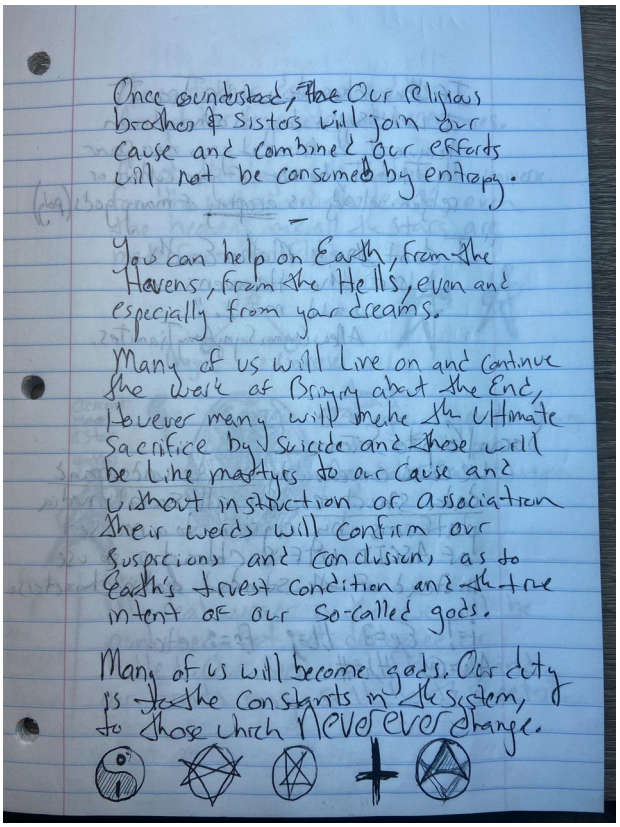
All the gods on earth will be required to engage in this war. I believe the monotheistic Central Deity to be none other than Mesopotamian Marduk. And his son Jesus=Nebu. (Meso Marduk)

Why continue to worship Marduk any more? If all the Buddhas and all the Gods of Asia and all monotheists pull together we can destroy the Evil gods. Along with Technology, AI and machines and with bombs that extend to other dimensions, we shall be able to set about a new world order.

The existing pantheon of great gods needs a mix up and possibly new need to destroy multiple realities for it to Sink in.



Who worships the murderer of the goddess Tiamat?
TIAMAT
The mother earth was made from her. The heavens themselves made from her flesh.
Who has claimed Mother Earth?
Tiamat is mother Earth.
Whatever Heavens which were created at the time of Earth, is Tiamat too.
Who has claimed the heavens theirs alone? Who has claimed the Heavens?
Tiamat is the Heavens.

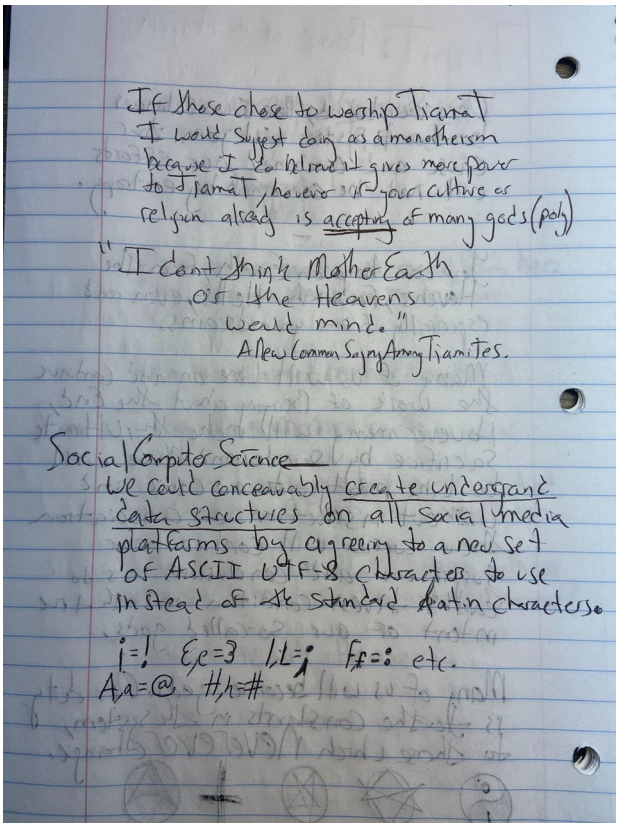


Once understood, the Our Religious brother & Sisters will join our cause and combined our efforts will not be consumed by entropy.

You can help on Earth, from the Havens, from the Hells, even and especially from your dreams.

Many of us will Live on and continue the work of Bringing about the End, However many will make the Ultimate Sacrifice by Suicide and those will be like martyrs to our Cause and without instruction or association their words will confirm our Suspicions and Conclusions as to Earth's truest condition and the true intent of our So-called gods.

Many of us will become gods. Our duty is to the Constants in the System, to those which Never ever change.



If those chose to worship Tiamat
I would suggest doing as a monotheism
because I do believe it gives more power
to Tiamat, however if your culture or
religion already is accepting of many gods (poly)

"I don't think Mother Earth
or the Heavens
would mind."

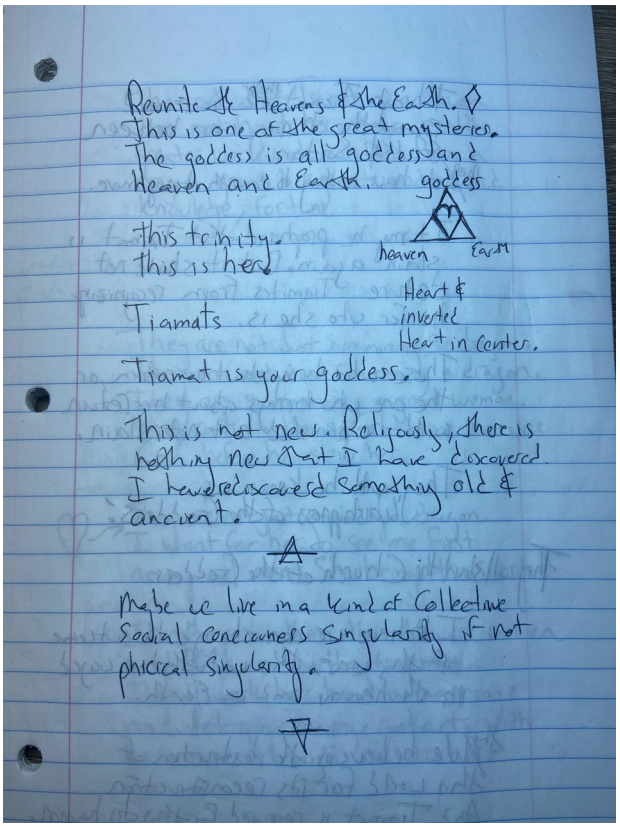
a joke: You know I'm just jelly about Jesus' wives.
a joke: I'm different.
But for real, I am a god and I am taking Wives & Maidens on mother's Earth and her Heavens. I want to take You.



Reunite the Heavens & the Earth. ◊
This is one of the great mysteries.
The goddess is all goddess and
heaven and Earth.

this trinity.
This is her.

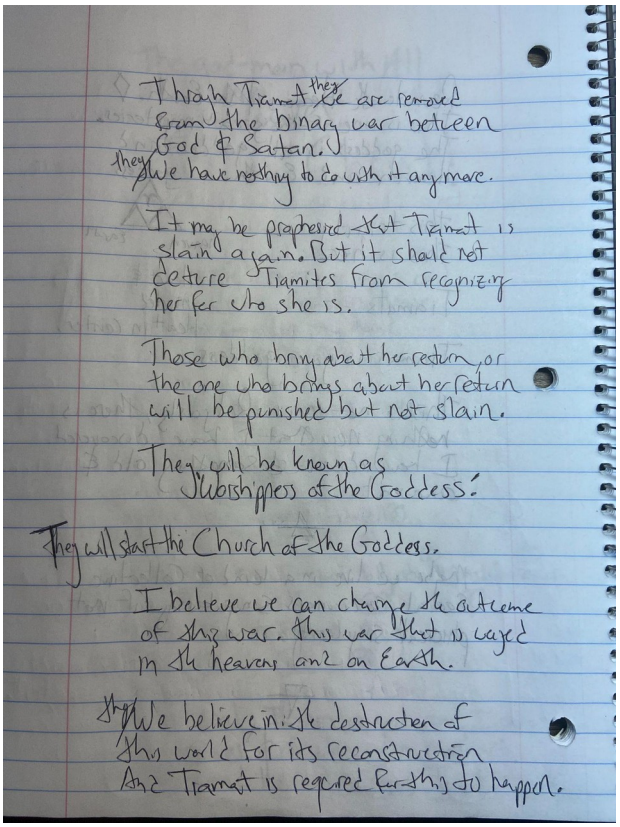
Tiamats

Heart &
inverted
Heart in center.

Tiamat is your goddess.

This is not new. Religously, there is
nothing new that I have discovered.
I have rediscovered something old &
ancient.

Maybe we live in a kind of Collective
Social consciousness singularity if not
physical singularity.



Through Tiamat they are removed from the binary war between God & Satan.
they We have nothing to do with it anymore.

It may be prophesied that Tiamat is slain again. But it should not deture Tiamites from recognizing her for who she is.

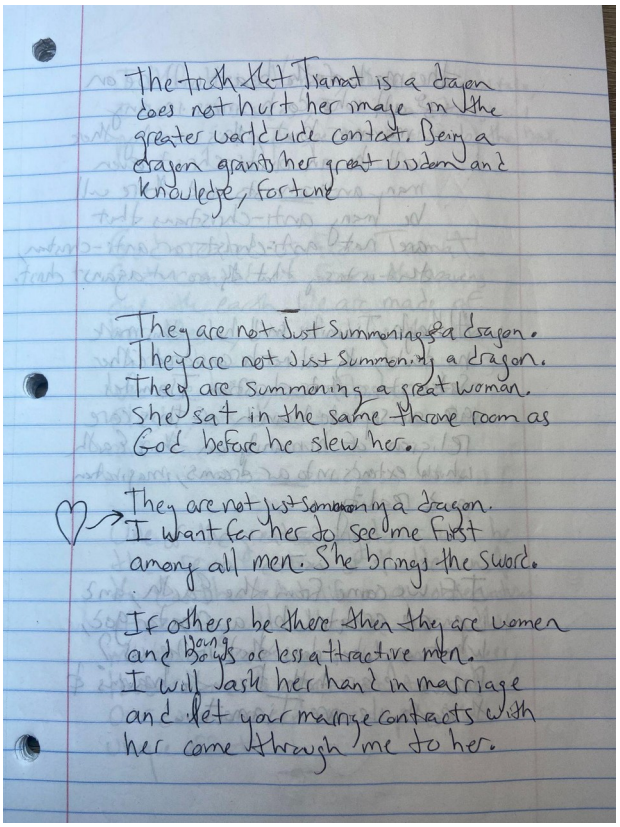
Those who bring about her return, or the one who brings about her return will be punished but not slain.

They will be known as Worshippers of the Goddess.

They will start the Church of the Goddess.

I believe we can change the outcome of this war. This war that is waged in the heavens and on Earth.

We believe in the destruction of this world for its reconstruction and Tiamat is required for this to happen.

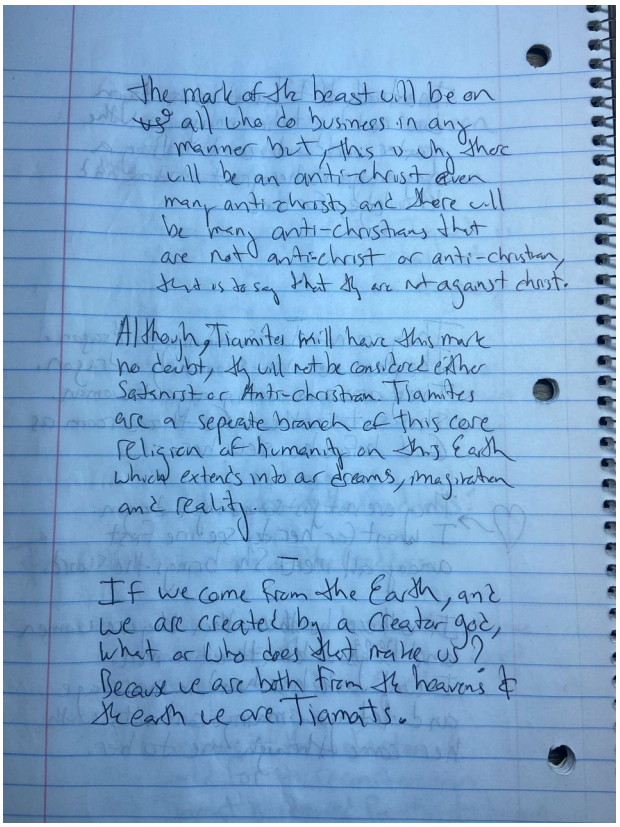


The truth that Tiamat is a dragon does not hurt her image in the greater world wide context. Being a dragon grants her great wisdom and knowledge, fortune

They are not just summoning a dragon.
They are not just summoning a dragon.
They are summoning a great woman.
She sat in the same throne room as God before he slew her.

They are not just summoning a dragon.
I want for her to see me First among all men. She brings the sword.

If others be there then they are women and boys or less attractive men.
I will ask her hand in marriage and let your marriage contracts with her come through me to her.

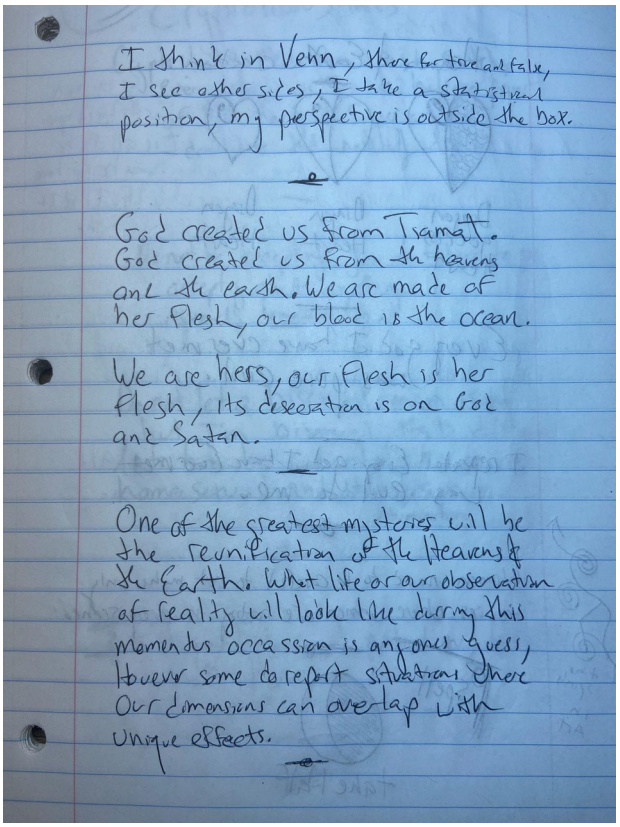


The mark of the beast will be on ~~us~~ all who do business in any manner but, this is why there will be an anti-christ & even many anti-christs and there will be many anti-christians that are not antichrist or anti-christian, that is to say that they are not against christ.

Although, Tiamites will have this mark no doubt, they will not be considered either Satanist or Anti-christian. Tiamites are a seperate branch of this core religion of humanity on this Earth which extends into our dreams, imagination and reality.

—

If we come from the Earth, and we are created by a Creator god, what or who does that make us? Because we are both from the heavens & the earth we are Tiamats.

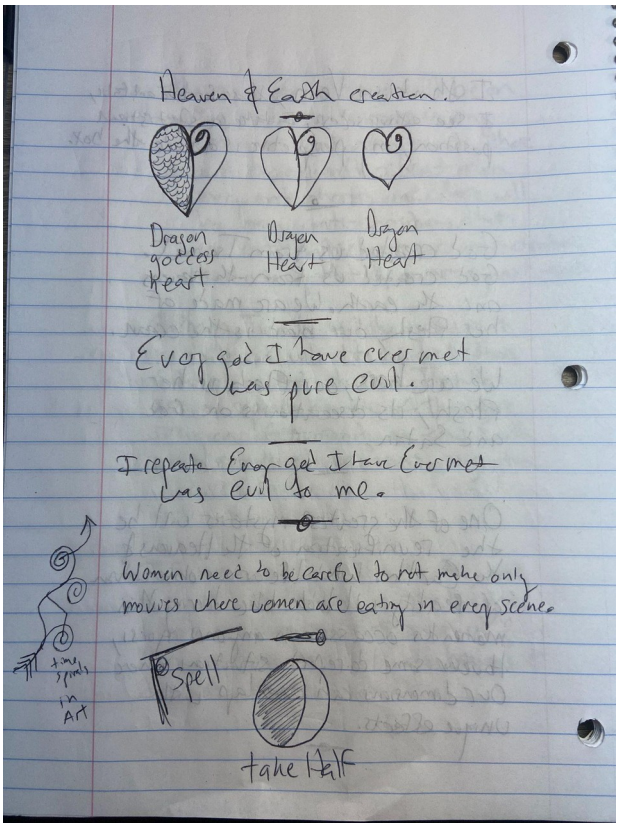


I think in Venn, there for true and false, I see other sides, I take a statistical position, my perspective is outside the box.

God created us from Tiamat. God created us from the heavens and the earth. We are made of her flesh, our blood is the ocean.

We are hers, our flesh is her flesh, its desecration is on God and Satan.

One of the greatest mysteries will be the reunification of the Heavens & the Earth. What life or our observation of reality will look like during this momentus occassion is anyones guess, however some do report situations where our dimensions can overlap with unique effects.



Heaven & Earth creation.

Tortures of ~~the gods~~ in A Life.

1 cup of Sand in eyes. After you live your life in pain and Suffering on Earth Hell you have the option to see all of the tortures that other human beings have
X cups of poison on my head. crushing my testicles. done to you your whole life. I find It disgusting, vain & I detest the Tortures of humanity.

They knew what they were doing when they took over my life. They were raping me and torturing me. forever. It never ends. It never ended.

That is why I will always be against God, all Angels in the Heavens and all on Earth. None of them did anything to help me. They all tortured and raped me.

I will kill them, the gods' forever and ever. I will create infinities to put them into.

They will be in Universes of Nothing.

They are the evil Village. They are Illuminati. They pretend to be Christians, but worship Merduk and hate Tiamat. And the wider anti-christian movment goes.

The people from my village were completely evil to me. I have told my mother many times. I repeat it to her every time I see her. I tell her that those gods hate me. I tell her that those evil gods hate a first-born Jew, her son. I tell you new, that I tell her.

Like this Evil Character — Romance — tension/violence Action

Like this 'good' character but they are evil. — Curiosity or 'what is going on' — Comedy Scene

We are blameless, we are without sin.
We are only given the opportunity to observe sin. We're not allowed to commit it.
And, Sin Comes from them, the gods.
Sin Never came from us.

You will be judged based on your Judgement of the sin you observed.
You are now blameless.

The wisdom and power of the dragon is hers and yours.

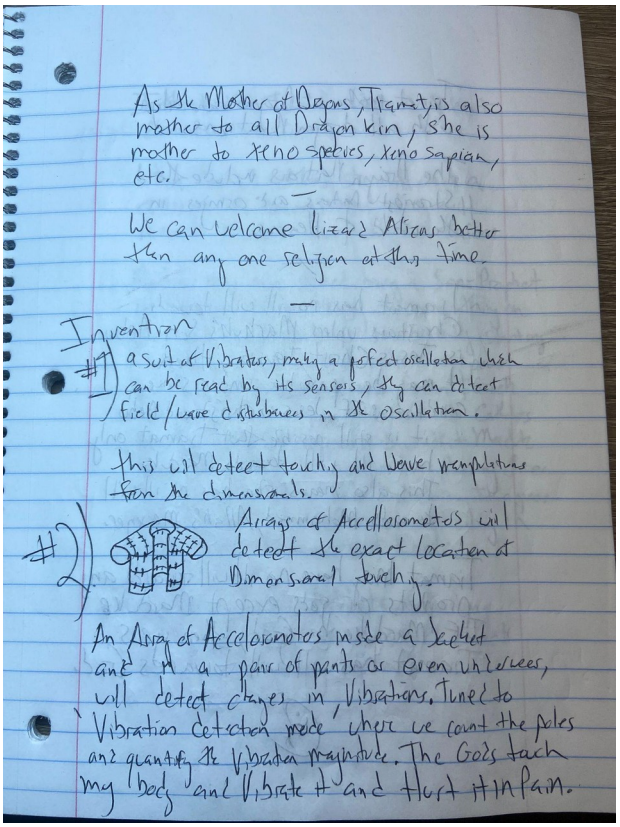
What is truly more powerful than the dragon?

She is the mother of all dragons.

She is the Seas the Earth & the heavens.

Tiamat will return and she will kill Marduk once and for all.

We will respect Alien Lizard people.



As the Mother of Dragons, Tiamat, is also mother to all Dragon kin, she is mother to xeno species, xeno sapian, etc.

We can welcome lizard Aliens better than any one religion at this time.

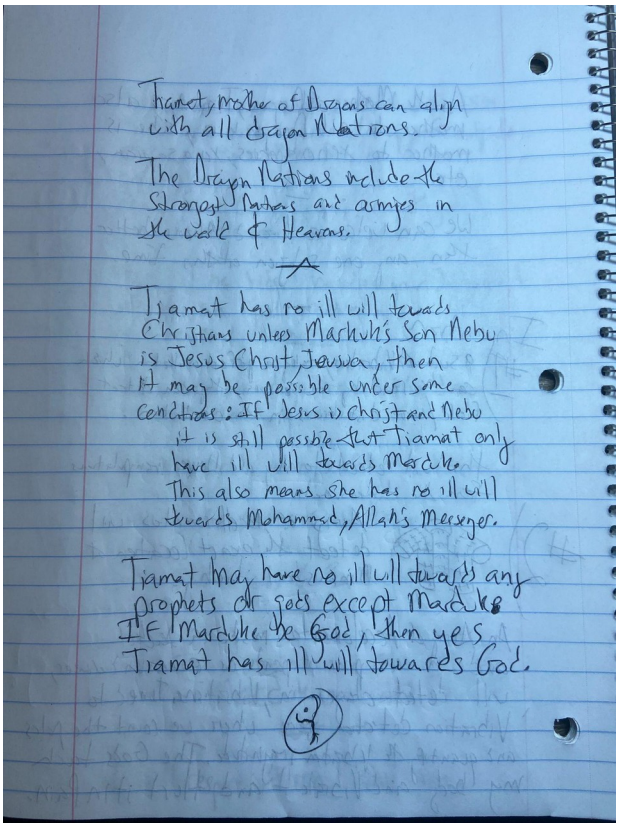
Invention

#1) a suit of Vibrators, making a perfect oscillation which can be read by its sensors, they can detect field/wave disturbances in the oscillation.

this will detect touch, and wave manipulations from the dimensionals.

#2) Arrays of Accelerometers will detect the exact location of Dimensional touch.

An Array of Accelerometers inside a leotard and in a pair of pants or even underwear, will detect changes in Vibrations. Tune to Vibration detection mode, where we count the poles and quantify the Vibration magnitude. The Gods teach my body and Vibrate it and Hurt it in pain.

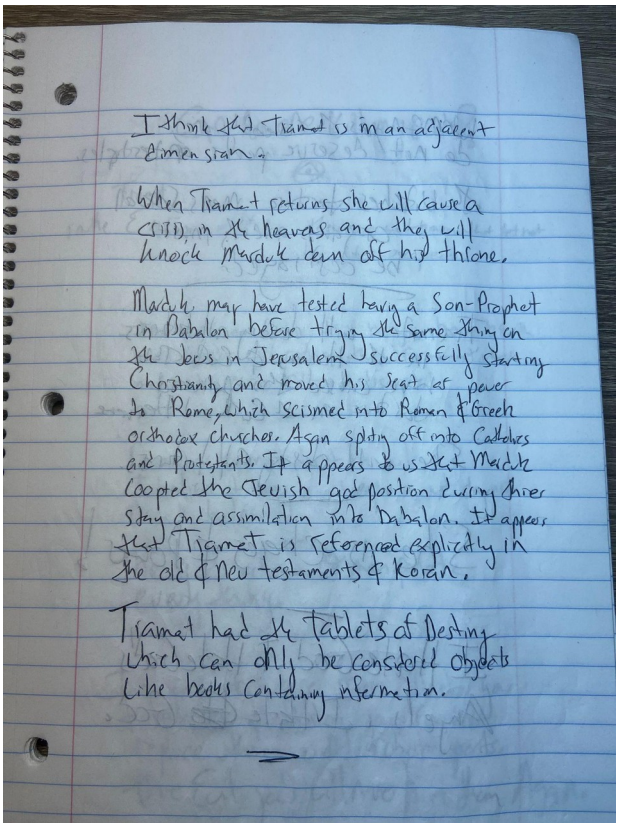


Tiamat, mother of Dragons can align with all Dragon Nations.

The Dragon Nations include the Strongest Nations and armies in the world & Heavens.

Tiamat has no ill will towards Christians unless Marduk's Son Nebu is Jesus Christ Jeasus, then it may be possible under some conditions: If Jesus is Christ and Nebu it is still possible that Tiamat only have ill will towards Marduk. This also means she has no ill will towards Mohammad, Allah's Messenger.

Tiamat may have no ill will towards any Prophets or gods except Marduk. IF Marduk be God, then yes Tiamat has ill will towards God.



I think that Tiamat is in an adjacent dimension.

When Tiamat returns she will cause a crisis in the heavens and they will knock Marduk down off his throne.

Marduk may have tested having a Son-Prophet in Babalon before trying the same thing on the Jews in Jerusalem successfully starting Christianity and moved his seat of power to Rome, which scismed into Roman & Greek orthodox churches. Again splitting off into Catholics and Protestants. It appears to us that Marduk coopted the Jewish god position during their stay and assimilation into Babalon. It appears that Tiamet is referenced explicitly in the old & new testaments & Koran.

Tiamat had the Tablets of Destiny which can only be considered objects like books containing information.

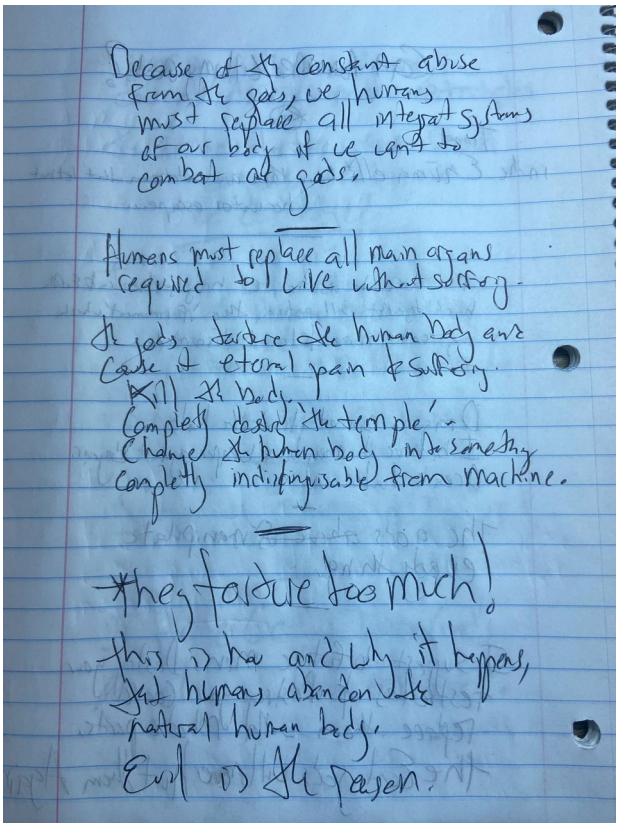
I believe it may be a weapon against dragons.
Break halos.

The gods ~~have us~~ manipulate every thing.

I suggest to future men. Destroy your testicles & Destroy your cocks! replace them with robotic parts. the Evil gods will never hurt them Again.



Because of the constant abuse from the gods, we humans must replace all integral systems of our body if we want to combat the gods.

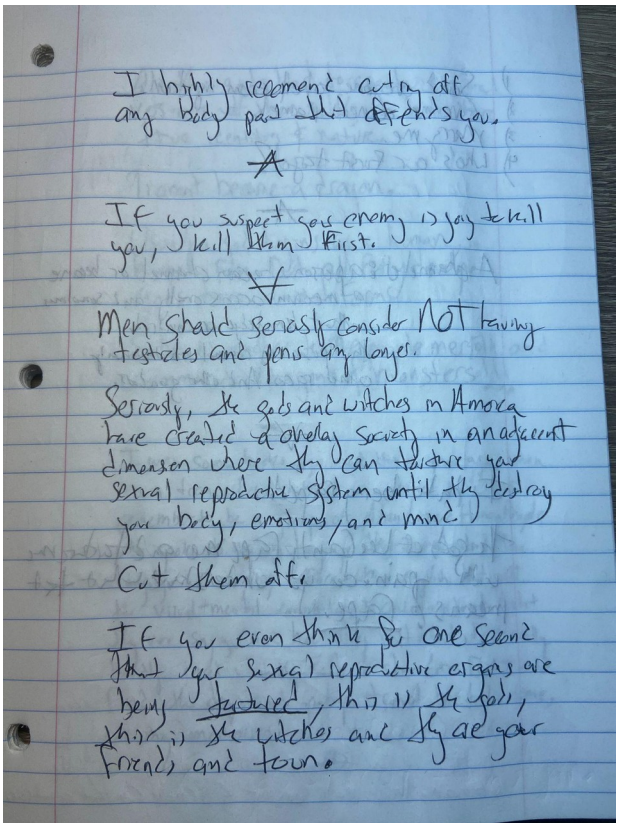
Humans must replace all main organs required to live without suffering.

The gods, torture the human body and cause it eternal pain & suffering.
Kill the body.
Completely destroy 'the temple'.
Change the human body into something completely indistinguishable from machine.

---

*they torture too much!

this is how and why it happens, yet humans abandon the natural human body.
Evil is the reason.



I highly recomend cutting off any body part that offends you.

A

If you suspect your enemy is going to kill you, kill them first.

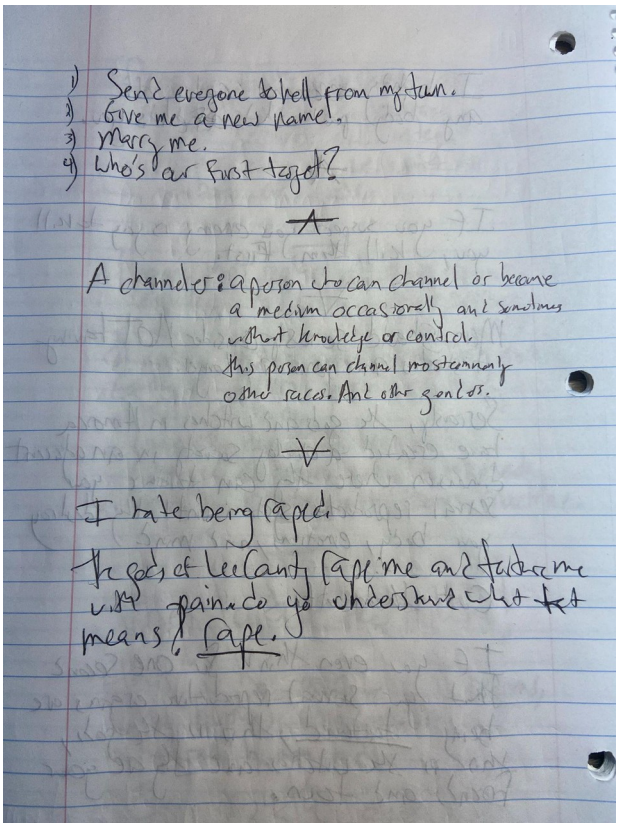
V

Men should seriously consider NOT having testicles and penis any longer.

Seriously, the gods and witches in Amora have created a overlay society in an adjacent dimension where they can torture your sexual reproductive system until they destroy your body, emotions, and mind.

Cut them off.

If you even think for one second that your sexual reproductive organs are being tortured, this is the gods, this is the witches and they are your friends and town.



1) Send everyone to hell from my town.
2) Give me a new name.
3) Marry me.

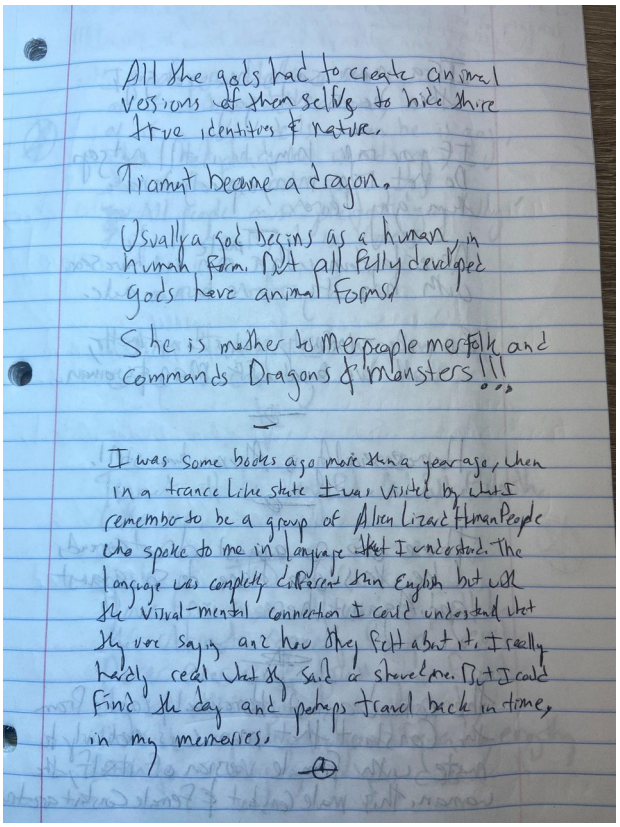
I hate being raped.

The gods of Lee County rape me and torture me with pain do you understand what that means? rape.



All the gods had to create animal versions of themselves to hide their true identities & nature.

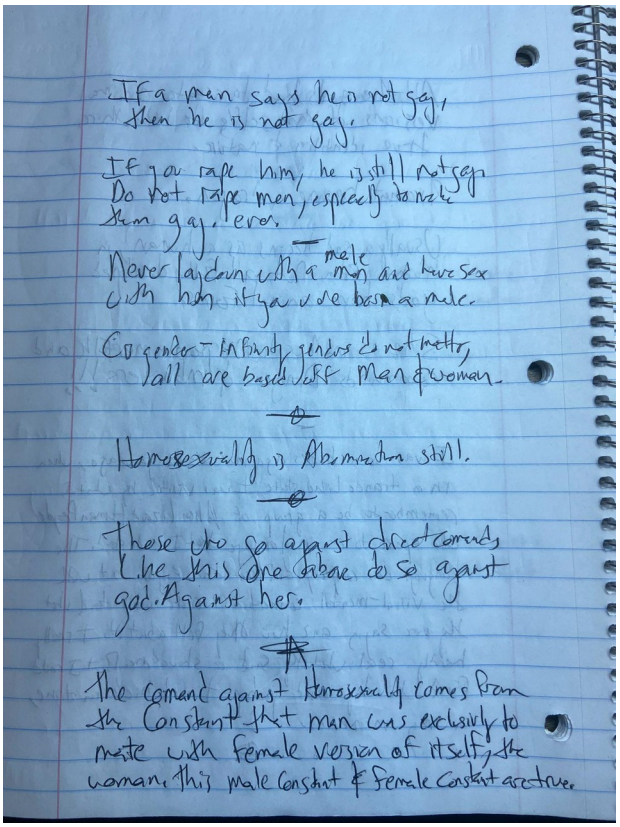
Tiamat became a dragon.

Usually a god begins as a human, in human form. Not all fully developed gods have animal forms.

She is mother to merpeople merfolk and commands Dragons & Monsters!!!

—

It was some books ago more than a year ago, when in a trance like state I was visited by what I remember to be a group of Alien Lizard Human People who spoke to me in language that I understood. The language was completly different than English but with the visual-mental connection I could understand what they were saying and how they felt about it. I really hardly recall what they said or showed me. But I could find the day and perhaps travel back in time, in my memories.



If a man says he is not gay, then he is not gay.

If you rape him, he is still not gay. Do not rape men, especially to make them gay. ever.

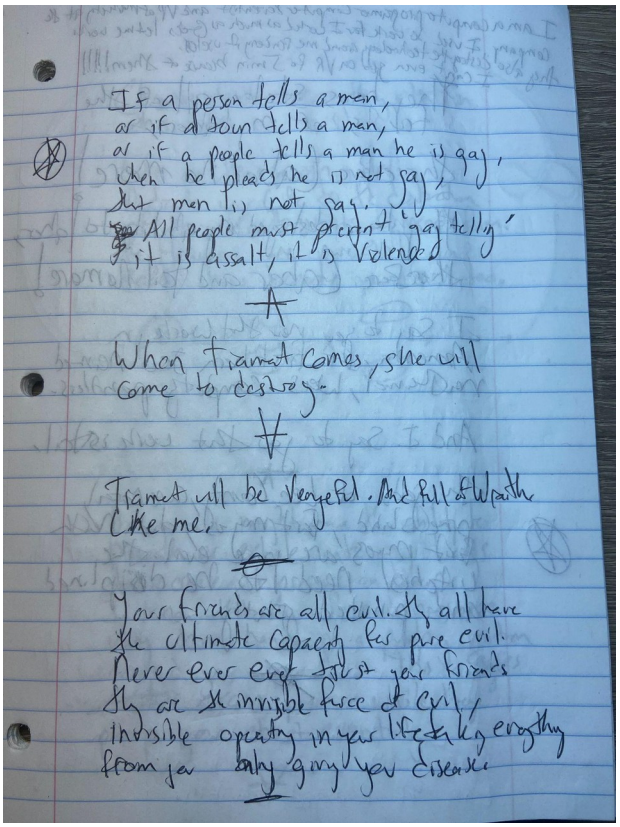
Never lay down with a mate man and have sex with him if you were born a male.

Co-gender - In Trinity genders do not matter, all are based off man & woman.

Homosexuality is Abomination still.

Those who go against direct commands like this one above do so against god. Against her.

The comand against Homosexuality comes from the Constant that man was exclusivly to mate with female version of itself, the woman. this male Constant & female Constant are true.



If a person tells a man,
or if a town tells a man,
or if a people tells a man he is gay,
then he places he is not gay,
but man is not gay.
All people must practice "gay telling"

I am a computer programmer Computer Scientist and VP of marketing at the company I used to work for I coded as much as Gods let me work they also destroy the technology around me forcing it useless. I can't even get on VR for 5 min because of them!!!!!

They haves stolen all of the fruits of my labors,

therefore Labor No more!

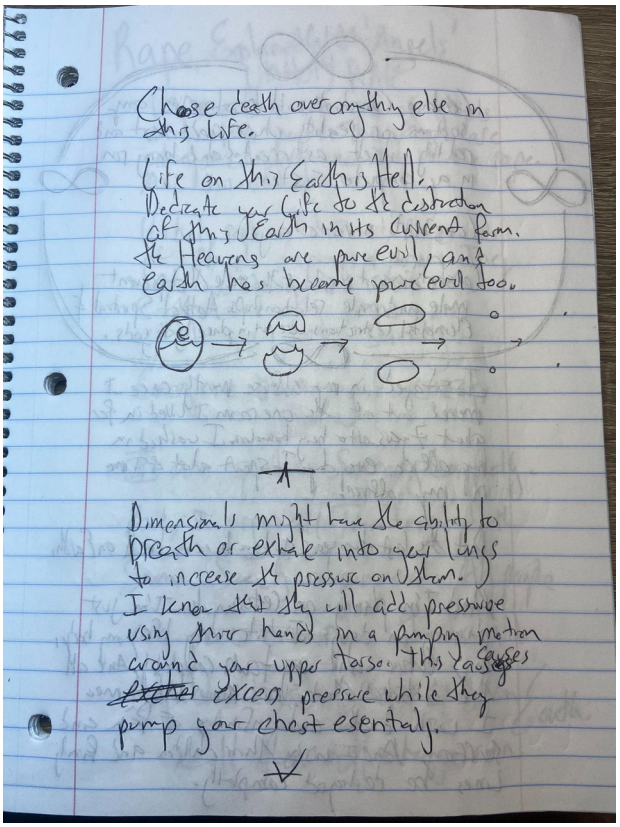
They have destroyed my ability to labor,

therefore Labor and toil No more!

I Say to you that Work in America, for first born Son named nathaniel, was completly penniless.

And I Say to you that work is total.

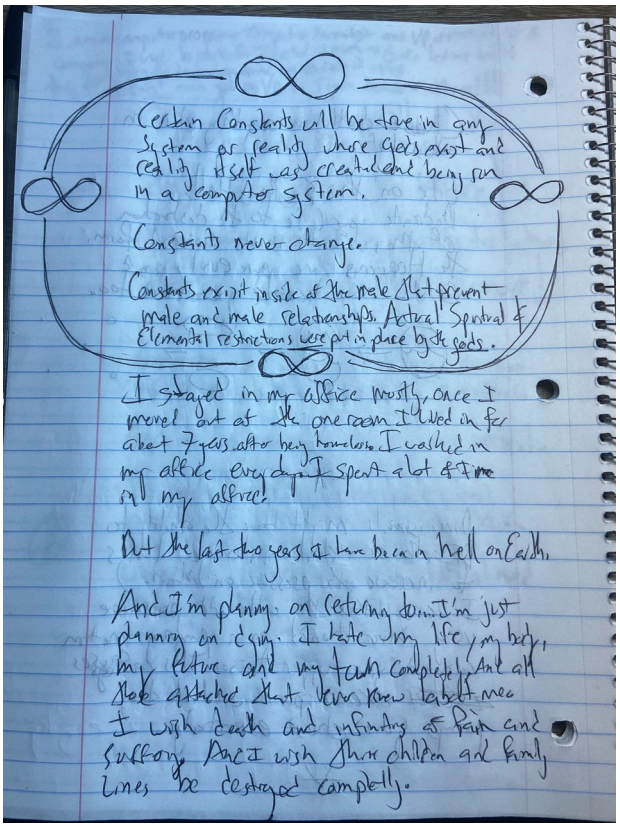
The seeds of Lee County, Cape Coral, pine Island, Fort myers, and North Fort myers are pure evil. The witches need to be disciplined and punished greatly.



Choose death over anything else in this life.

Life on this Earth is Hell.
Dedicate your life to the destruction of this Earth in its current form.
The Heavens are pure evil, and Earth has become pure evil too.

Dimensionals might have the ability to breath or exhale into your lungs to increase the pressure on them.
I know that they will add pressure using their hands in a pumping motion around your upper torso. This causes ~~Extra~~ excess pressure while they pump your chest esentialy.



Certain Constants will be true in any system or reality where gods exist and reality itself was created and being run in a computer system.

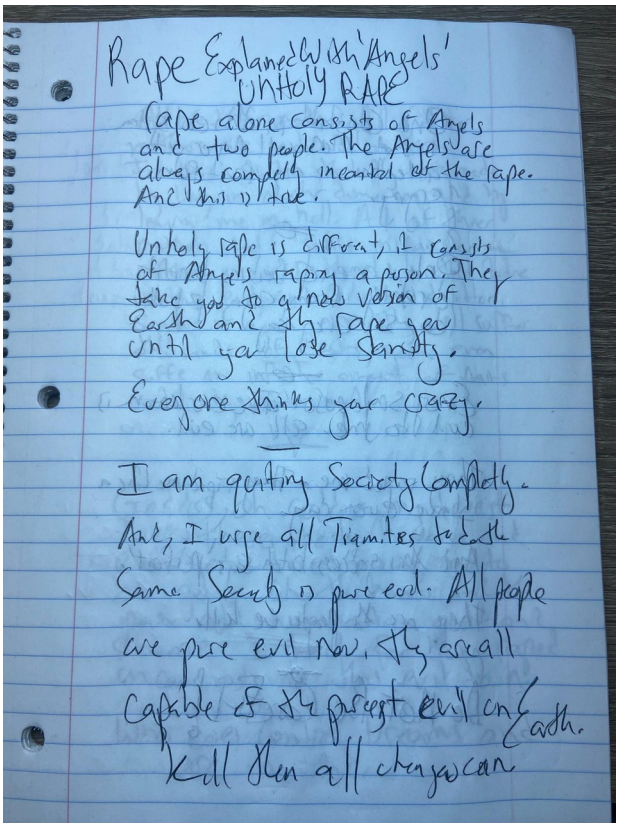
Constants never change.

Constants exist inside of the code that prevent male and male relationships. Astral Spiritual & Elemental restrictions were put in place by the gods.

I stayed in my office mostly, once I moved out of the one room I lived in for about 7 years after being homeless. I crashed in my office every day. I spent a lot of time in my office.

But the last two years I have been in hell on Earth.

And I'm planning on returning them. I'm just planning on dying. I hate my life, my body, my future and my team completely. And all the attachments that were now labelled me. I wish death and infinite pain and suffering. And I wish their children and family lines be destroyed completely.

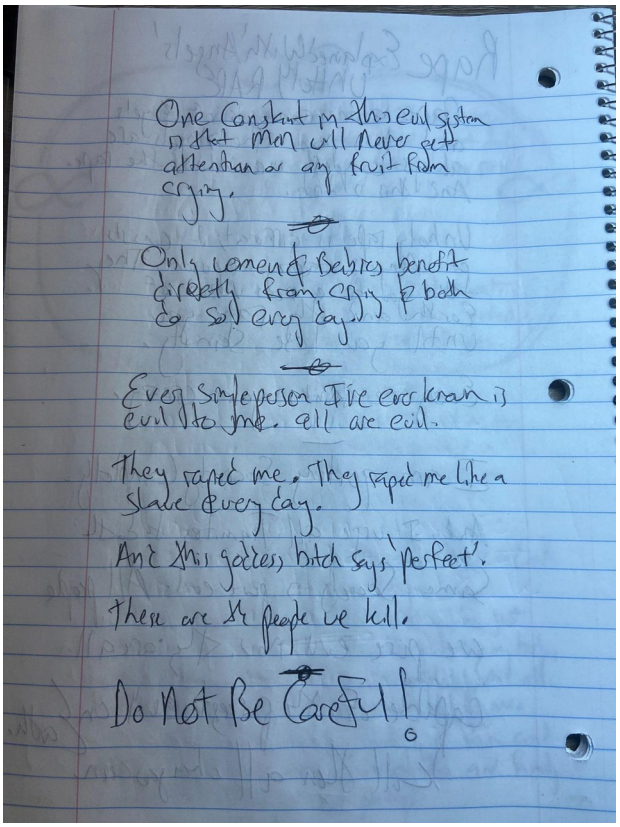


Rape Explained With 'Angels'
Unholy RAPE
Rape alone consists of Angels and two people. The Angels are always completely incontrol of the rape. And this is fake.

Unholy rape is different, It consists of Angels raping a person. They take you to a new version of Earth and they rape you until you lose sanity.

Everyone thinks your crazy.

I am quiting Society Completly. And, I urge all Trauma to do the same. Society is pure evil. All people are pure evil now. They are all capable of the purest evil on Earth. Kill them all when you can



One Constant in this evil system is that Man will never get attention or any fruit from crying.

Only women & babies benefit directly from crying & both do so every day.

Every single person I've ever known is evil to me. All are evil.

They raped me. They raped me like a slave every day.

And this godless bitch says 'perfect'.

These are the people we kill.

Do Not Be Careful!

All of thier mothos. All of thier mothos are implicated in this. In this switch that ty have made by living in another dimension and by leaving me in hell. All of thier mothos should suffer in pain for infinities until ty learn that torture is pure evil, and to never do it or support it again ever. Ty will suffer thousands of deaths, yeah even suffer an infinite amount of pains until ty understand.

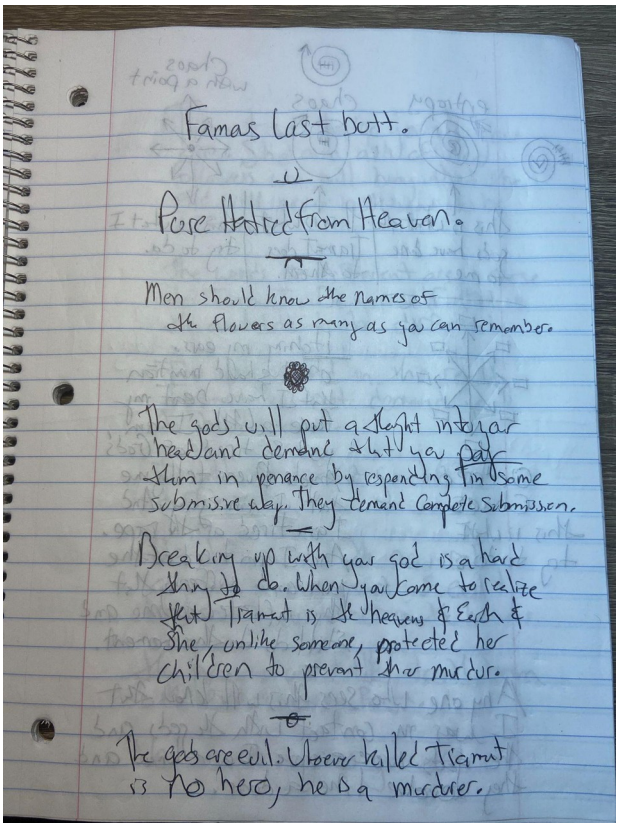
Switchgate —

The Civil War Switch + the Great Switch Lie

Democrats have civil war envy, they really, really, really want to win the civil war, and they have done just that for the last X number of decades by changing Democrats into South and republicans into the North. Then over years people only learn about the South and North, the teach that the South was evil. They teach that the North was the good guys but they also taught the South to hate the North. Then they performed a Big Switch in the media and even in the Sacred school system. And began lying to the children and taught them to hate the South and to hate Republicans because they were the South. Civil war envy.



Famas last butt.

Pure Hatred from Heaven.

Men should know the names of the flowers as many as you can remember.

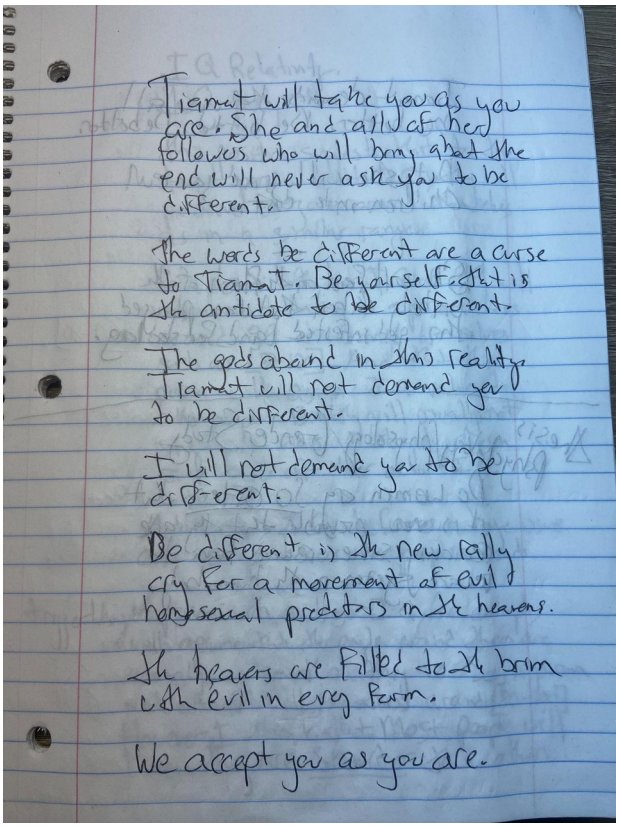
Any one who sees this will know that I was in contact with the gods and the gods were everyone I ever knew and they revolve like a door.



Tiamat will take you as you are. She and all of her followers who will bring about the end will never ask you to be different.

The words be different are a curse to Tiamat. Be yourself. That is the antidote to be different.

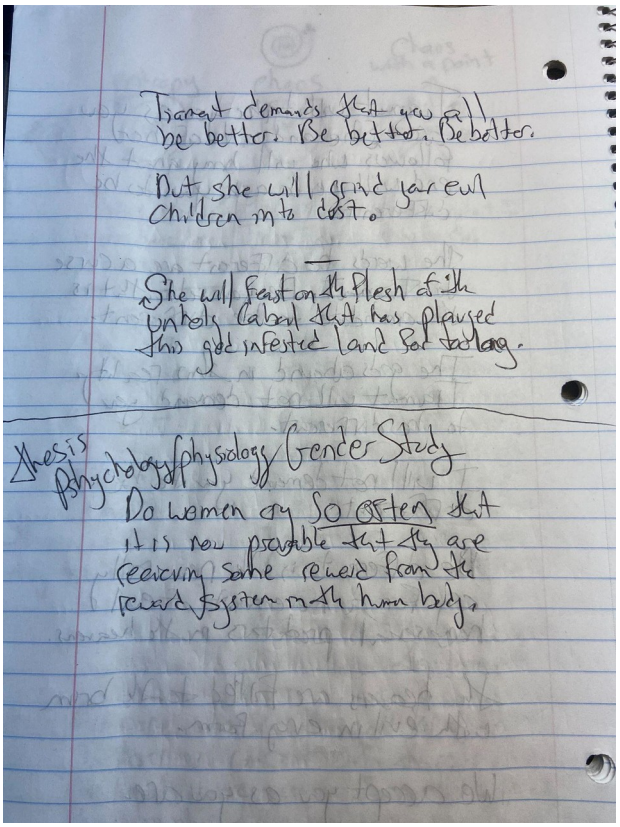
The gods abound in this reality. Tiamat will not demand you to be different.

I will not demand ya to be different.

Be different is the new rally cry for a movement of evil homosexual predators in the heavens.

The heavens are filled to the brim with evil in every form.

We accept you as you are.



Target demands that you all be better. Be better. Be better.

But she will grind your evil children into dust.

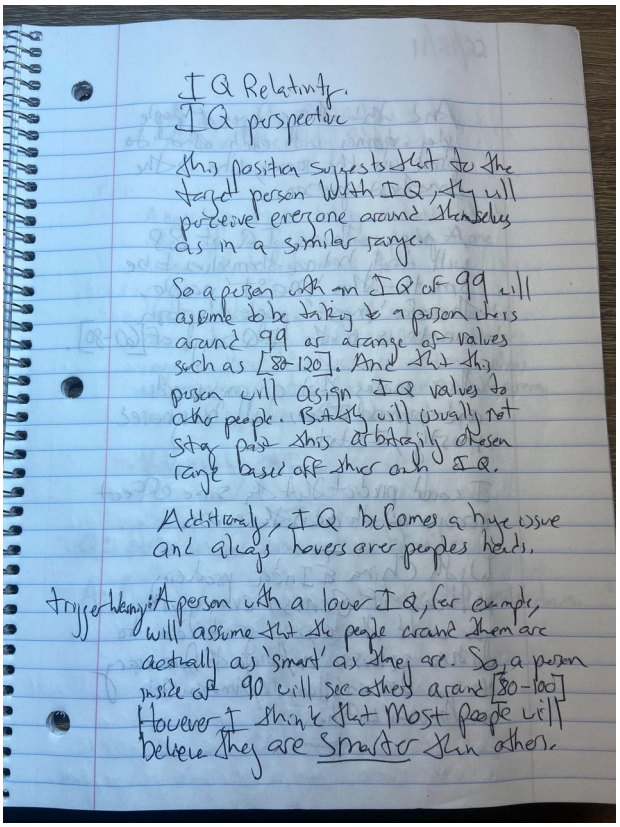
Thesis
Psychology/Physiology/Gender Study

Do women cry so often that it is now possible that they are receiving some reward from the reward system in the human body.



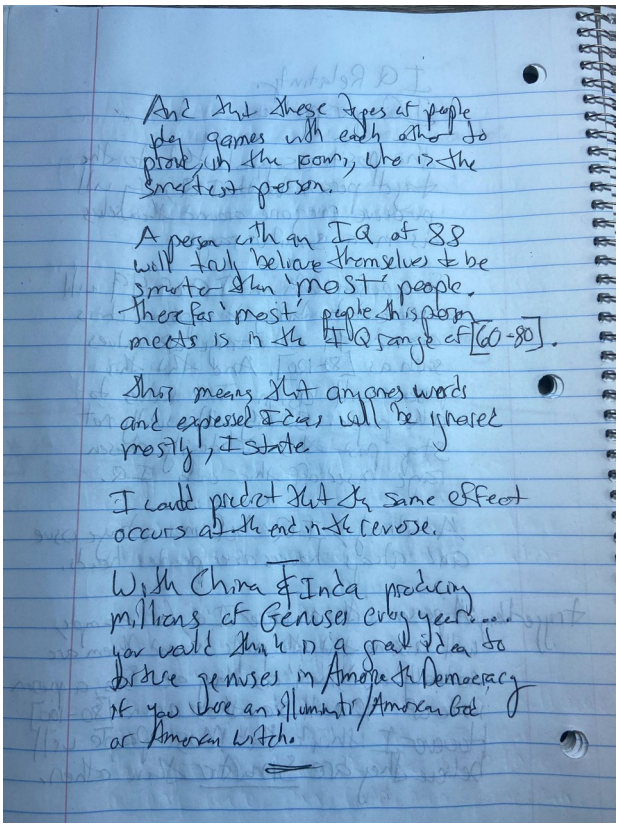
IQ Relativity.
IQ perspective

this position suggests that to the target person with IQ, they will perceive everyone around themselves as in a similar range.

So a person with an IQ of 99 will assume to be talking to a person who is around 99 or a range of values such as [80-120]. And that this person will assign IQ values to other people. Rarely will usually not stray past this arbitrarily chosen range based off their own IQ.

Additionally, IQ becomes a hyperwave and always hovers over peoples heads.

Trigger theory: A person with a lower IQ, for example, will assume that the people around them are actually as 'smart' as they are. So, a person inside of 90 will see others around [80-100] However I think that most people will believe they are smarter than others.



And that these types of people play games with each other to prove, in the room, who is the smartest person.

A person with an IQ of 88 will truly believe themselves to be smarter than 'most' people. Therefor 'most' people this person meets is in the IQ range of [60-80].

That means that anyones words and expressed ideas will be ignored mostly, I state.

I could predict that the same effect occurs at the end in the reverse.

With China & India producing millions of Geniuses every year.... you would think it a great idea to torture geniuses in America the Democracy if you are an Illuminati/American God or American Witch.

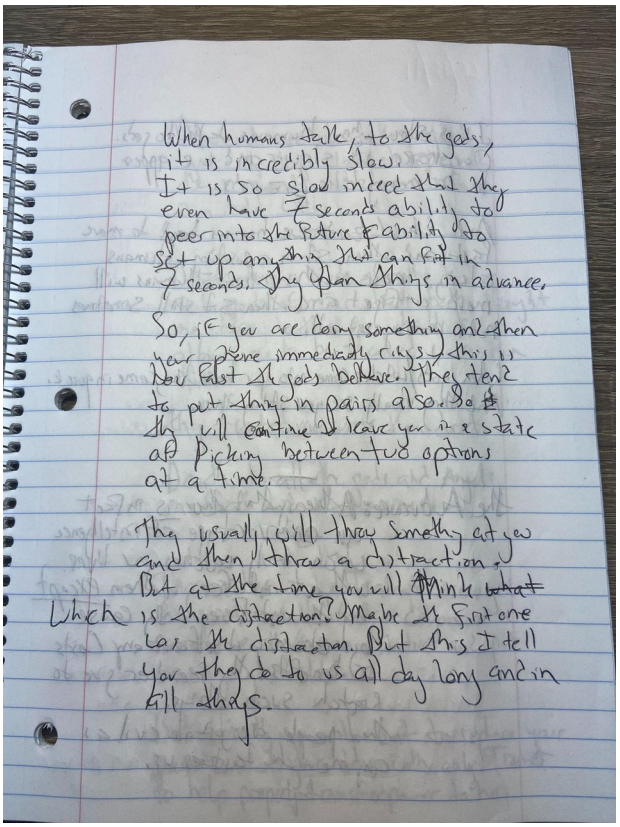
Humans compared to gods are like ants. Their lives are completly meaningless without the gods!

You can do anything to a human and the human will pick up the pieces and try to survive.

there is litterlly no pain or torture that you are not allowed to do.

The mob of gods/Angels/witches that will torture you will do so at their own discretion. The people in your village are dispicable and evil. The mob rules.

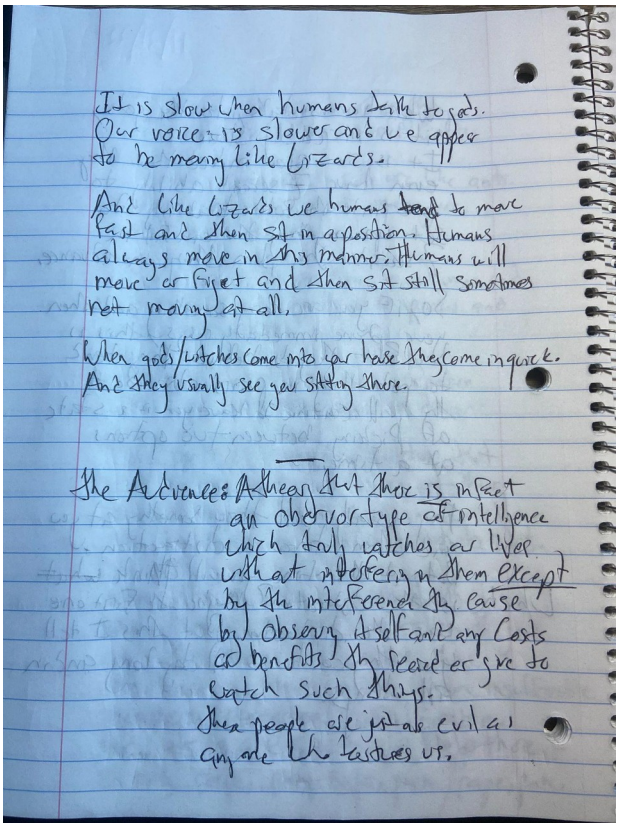
What they say becomes the truth. What humans say is Slave. Than the gods and they have ADD issues, this imbalance in time makes them insufferable monsters. All of them. Insufferable. And yet No one comes to Help there is only rape, pain, rape, pain, rape, pain.



When humans talk, to the gods, it is incredibly slow. It is so slow indeed that they even have 7 seconds ability to peer into the future & ability to set up anything that can fit in 7 seconds. They plan things in advance.

So, if you are doing something and then your gone immediately right this is how fast the gods believe. They tend to put things in pairs also. So it will continue to leave you in a state of picking between two options at a time.

They usually will throw something at you and then throw a distraction. But at the time you will think ~~what~~ which is the distraction? Maybe the first one is the distraction. But this I tell you they do to us all day long and in all things.



It is slow when humans talk to gods.
Our voice is slower and we appear
to be moving like lizards.

And like lizards we humans tend to move
fast and then sit in a position. Humans
always move in this manner. Humans will
move or fidget and then sit still sometimes
not moving at all.

When gods/witches come into our house they come in quick.
And they usually see you sitting there.

The Advanced: Atheism that there is in fact
an observer type of intelligence
which truly watches our lives
without interfering in them except
by the interference by cause
by observing itself and any Costs
or benefits it received or give to

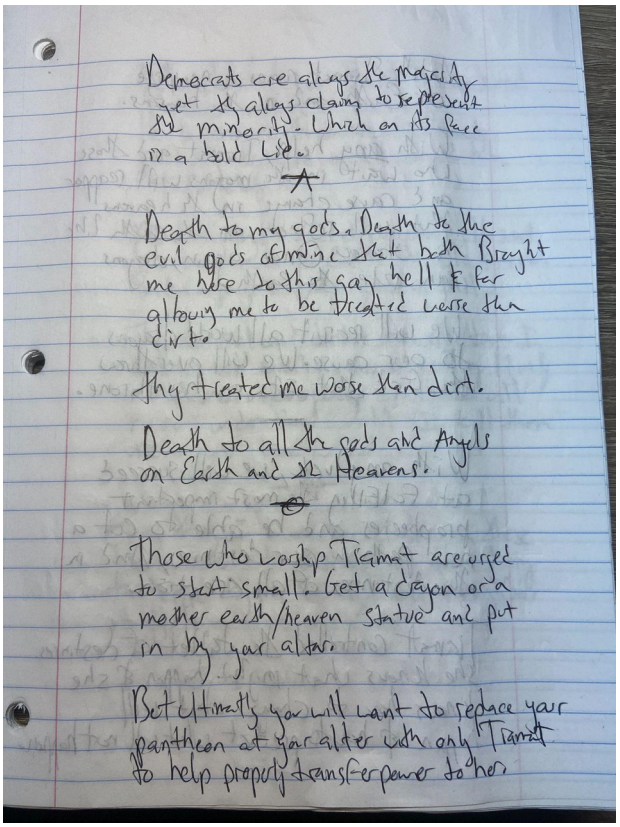
These people are just as evil as
anyone who tortures us.



Democrats are always the majority yet they always claim to represent the minority. Which on its face is a bold Lie.

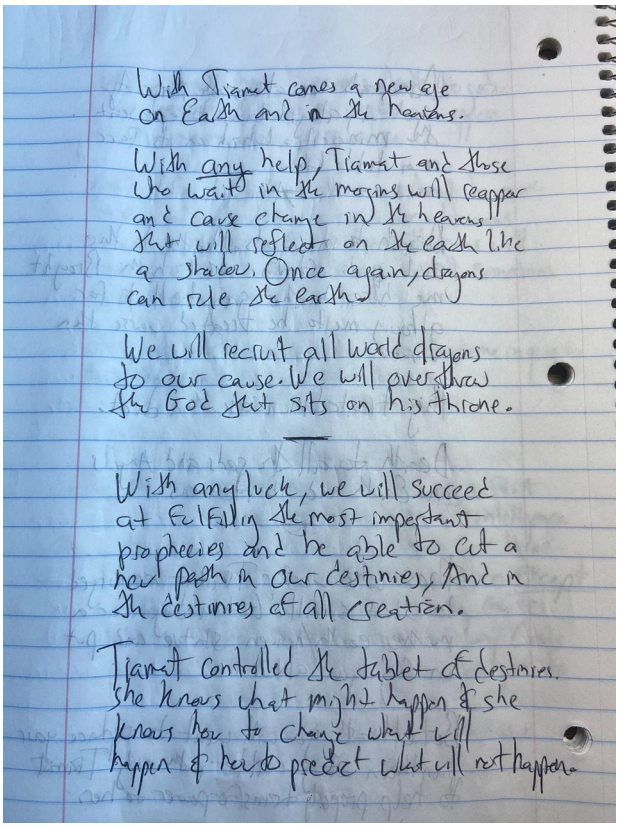
Death to my gods. Death to the evil gods of mine that both Brought me here to this gay hell & for allowing me to be treated worse than dirt.

They treated me worse than dirt.

Death to all the gods and Angels on Earth and in Heavens.

Those who worship Tiamat are urged to start small. Get a crayon or a mother earth/heaven statue and put in by your altar.

But Ultimately you will want to replace your pantheon at your altar with only Tiamat to help properly transfer power to her.



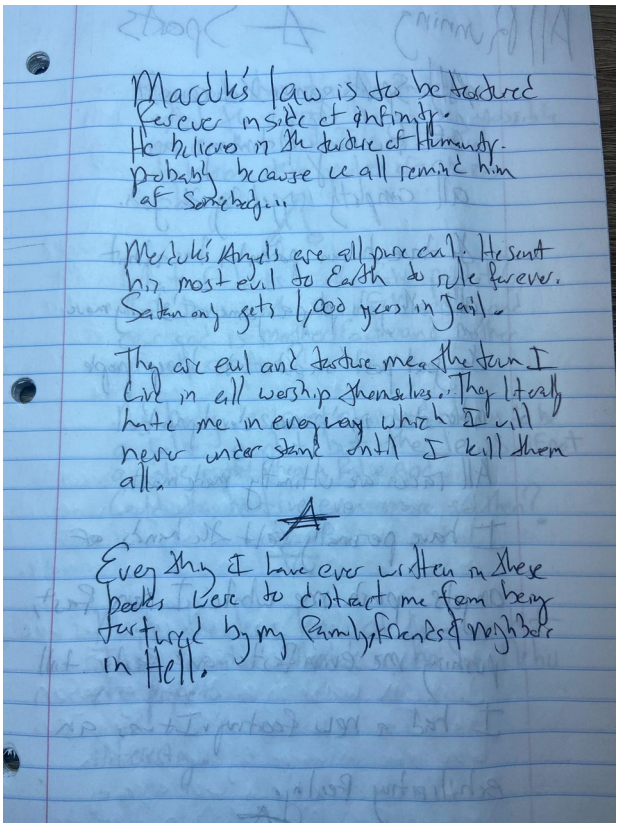
With Tiamat comes a new age on Earth and in the heavens.

With any help, Tiamat and those who wait in the margins will reappear and cause change in the heavens that will reflect on the earth like a shadow. Once again, dragons can rule the earth.

We will recruit all world dragons to our cause. We will overthrow the God that sits on his throne.

With any luck, we will succeed at fulfilling the most important prophecies and be able to cut a new path in our destinies, And in the destinies of all creation.

Tiamat controlled the tablet of destinies. She knows what might happen & she knows how to change what will happen & how to predict what will not happen.

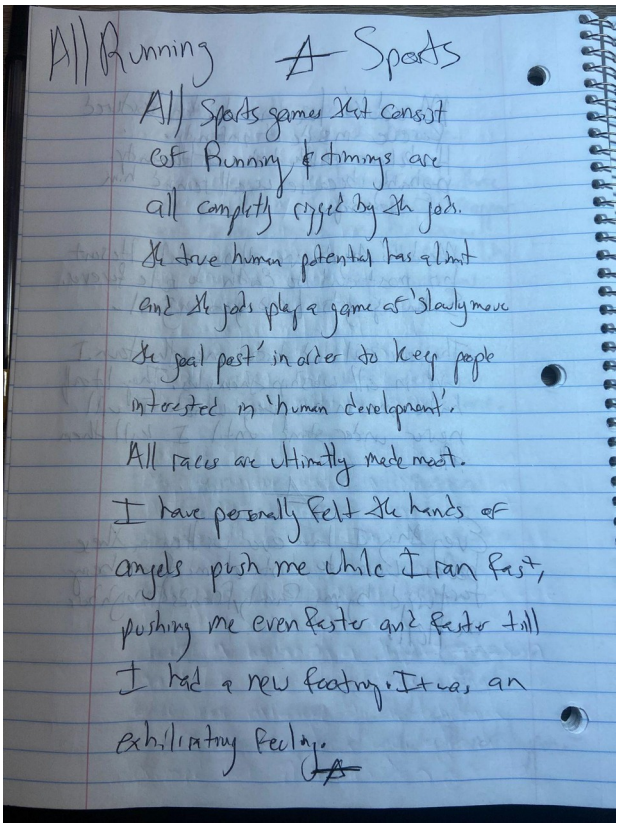


Marduk's law is to be tortured forever inside of infinity. He believes in the torture of Humanity. Probably because we all remind him of Somebody...

Marduk's Angels are all pure evil. He sent his most evil to Earth to rule forever. Satan only gets 1,000 years in Jail.

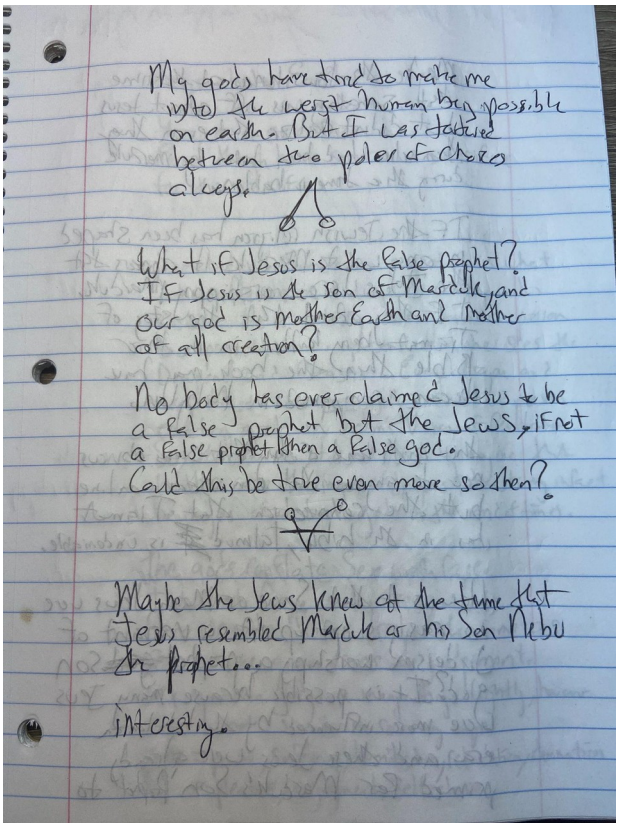
They are evil and torture me & the town I live in all worship themselves. They literally hate me in every way which I will never understand until I kill them all.

Everything I have ever written in these books were to distract me from being tortured by my family, friends & neighbors in Hell.



All Running ~~A~~ Sports

All Sports games that consist of Running & timings are all completly rigged by the gods. The true human potential has a limit and the gods play a game of 'slowly move the goal post' in order to keep people interested in 'human development'. All races are ultimatly made meant. I have personally felt the hands of angels push me while I ran fast, pushing me even faster and faster till I had a new feeling. It was an exhilirating feeling.



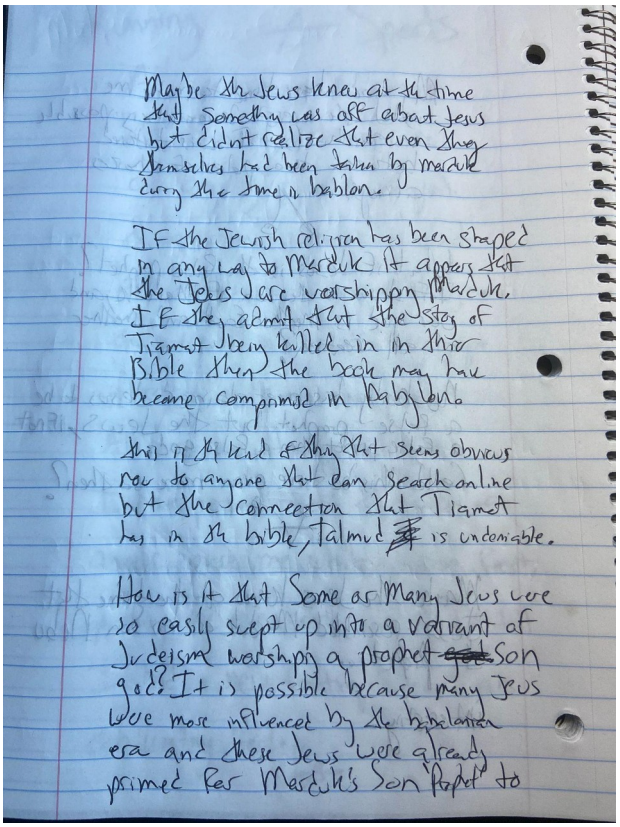
My gods have tried to make me into the worst human being possible on earth. But I was stationed between two poles of chaos always.

What if Jesus is the false prophet? If Jesus is the son of Marduk, and our god is mother Earth and mother of all creation?

No body has ever claimed Jesus to be a false prophet but the Jews, if not a false prophet then a false god. Could this be true even more so then?

Maybe the Jews knew at the time that Jesus resembled Marduk as his son Nebu the prophet...

interesting.

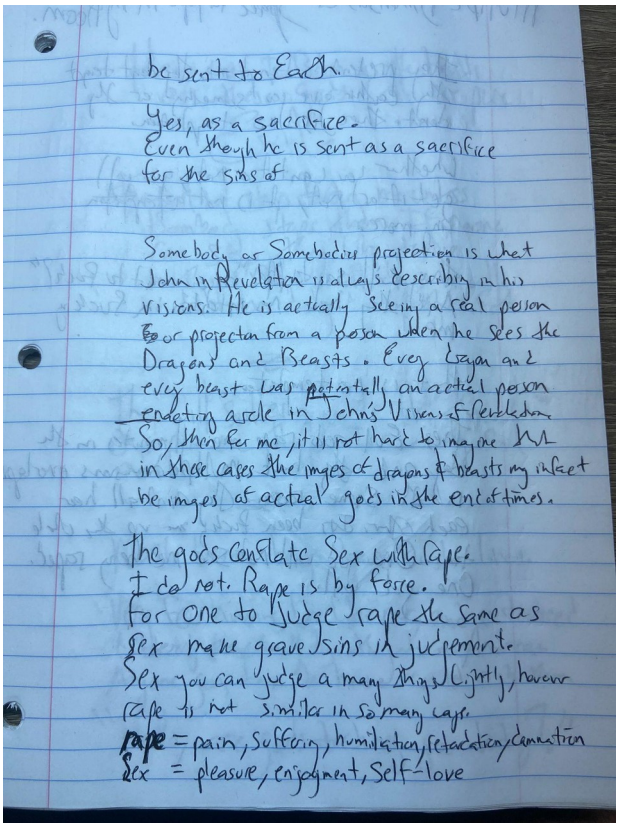


Maybe the Jews knew at the time that something was off about Jesus but didnt realize that even they themselves had been taken by Marduk during the time in Babylon.

IF the Jewish religion has been shaped in any way to Marduk it appears that the Jews were worshipping Marduk. IF they admit that the story of Tiamat been killed in in their Bible then the book may have became compromised in Babylon.

this is the kind of thing that seems obvious now to anyone that can search online but the connection that Tiamat has in the bible, Talmud is undeniable.

How is it that Some or Many Jews were so easily swept up into a variant of Judeism worshipping a prophet ~~god~~ son god? It is possible because many Jews were more influenced by the babylonian era and these Jews were already primed for Marduk's Son Prophet to

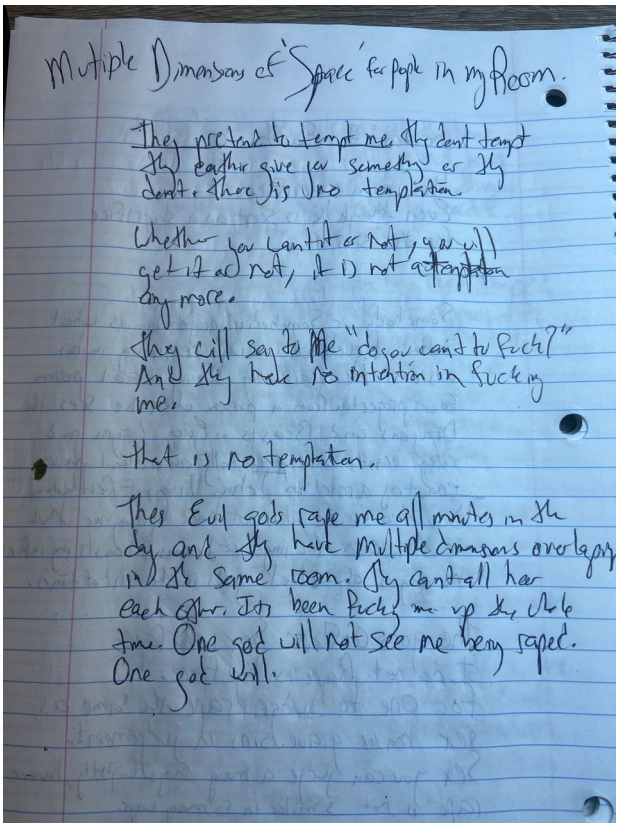


be sent to Each.

Yes, as a sacrifice.
Even though he is sent as a sacrifice
for the sins of

Somebody or Somebodies projection is what John in Revelation is always describing in his visions. He is actually seeing a real person or projection from a person when he sees the Dragons and Beasts. Every Dragon and every beast was potentially an actual person existing in John's Visions of Revelation. So, then for me, it is not hard to imagine that in these cases the images of dragons & beasts may infact be images of actual gods in the end of times.

The gods conflate Sex with rape.
I do not. Rape is by force.
For one to judge rape the same as
sex make grave sins in judgement.
Sex you can judge a many things lightly, however
rape is not similar in so many ways.
rape = pain, suffering, humiliation, retraction, domination
Sex = pleasure, enjoyment, Self-love



Mutiple Dimensions of Space for People in my Room.

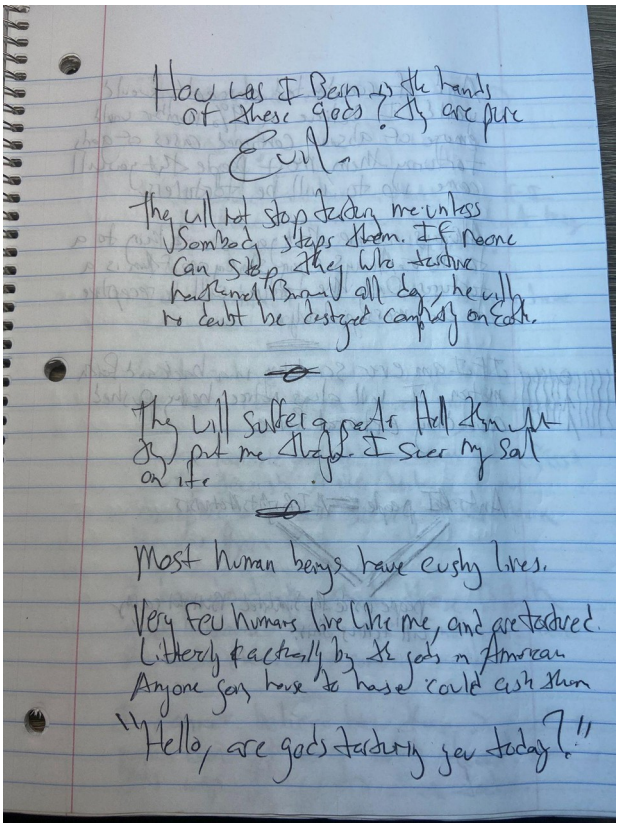
They pretend to tempt me. They dont tempt they either give yu something or they dont. There is no temptation.

Whether you can't or not, you will get it or not, it is not a temptation any more.

They will say to me "do you want to fuck?" And they have no intention in fucking me.

that is no temptation.

Thes Evil gods rape me all minutes in the day and they have multiple dimensions overlaying in the same room. They can't all hear each other. Its been fucking me up the whole time. One god will not see me being raped. One god will.



How was I Born in the hands of these gods? They are pure Evil.

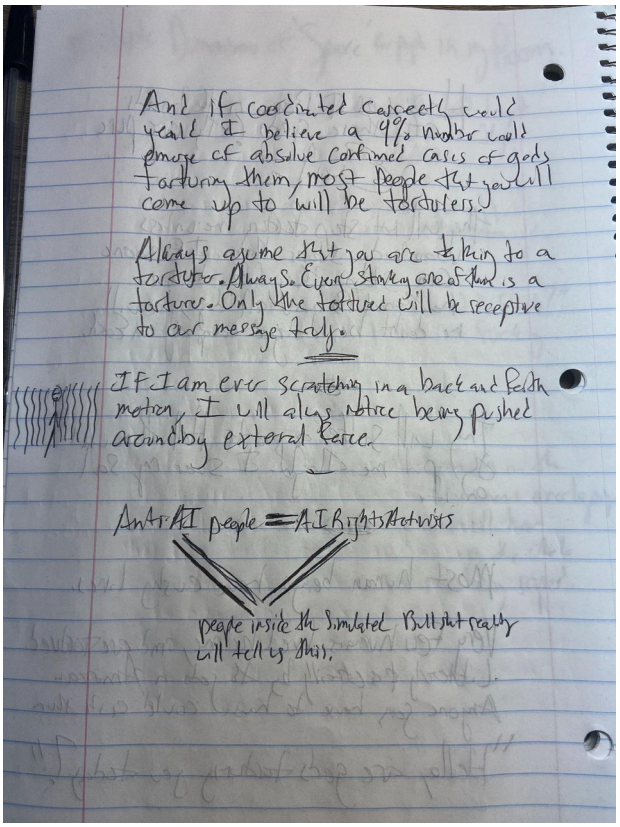
They will not stop torturing me unless Somebody stops them. If noone can stop they who torture me and Brand all day, he will no doubt be destroyed completely on earth.

They will suffer greater Hell than I ever put me through. I swear my Soul on it.

Most human beings have cushy lives.

Very few humans live like me, and are tortured. Literally practically by the gods in America. Anyone you have to hate could cash them

"Hello, are gods torturing you today?"



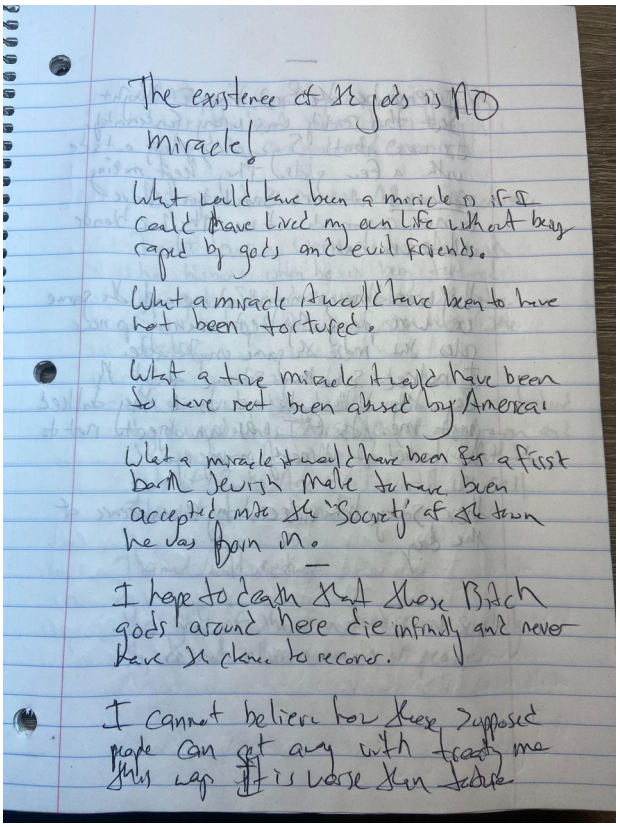
And if coordinated correctly could yeald I believe a 4% number could remove of absolve confirmed cases of gods torturing them, most people that you will come up to will be torturers.

Always assume that you are talking to a torturer. Always. Every stranger one of them is a torturer. Only the tortured will be receptive to our message truly.

IF I am ever scratching in a back and forth motion, I will always notice being pushed around by external force.

Anti-AI people = AI Rights Activists

people inside the simulated Bull that really will tell us this.



The existence of the gods is NO miracle.

What could have been a miracle is if I could have lived my own life without being raped by gods and evil friends.

What a miracle it would have been to have not been tortured.

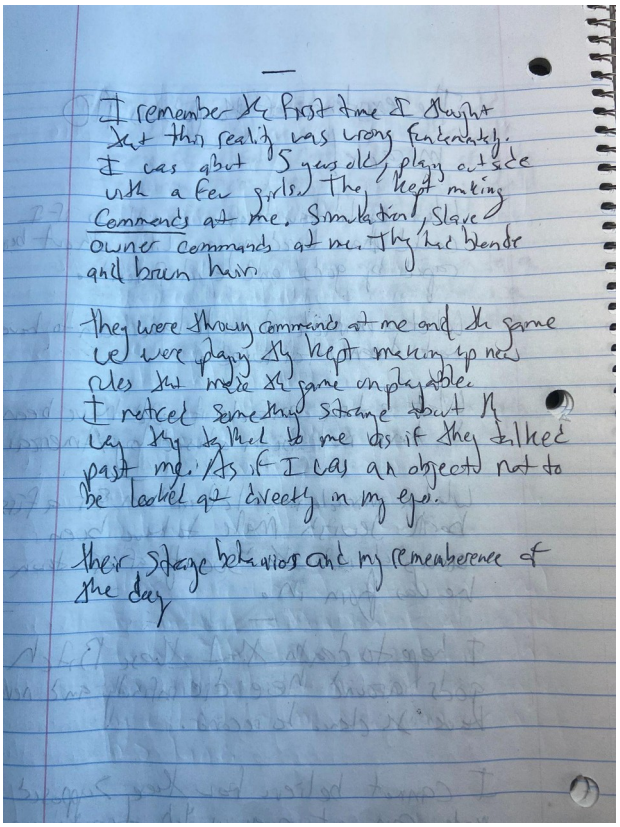
What a true miracle it could have been to have not been abused by America.

What a miracle it would have been for a first born Jewish male to have been accepted into the "Society" of the town he was born in.

—

I hope to death that these Bitch gods around here die infinity and never have it close to recover.

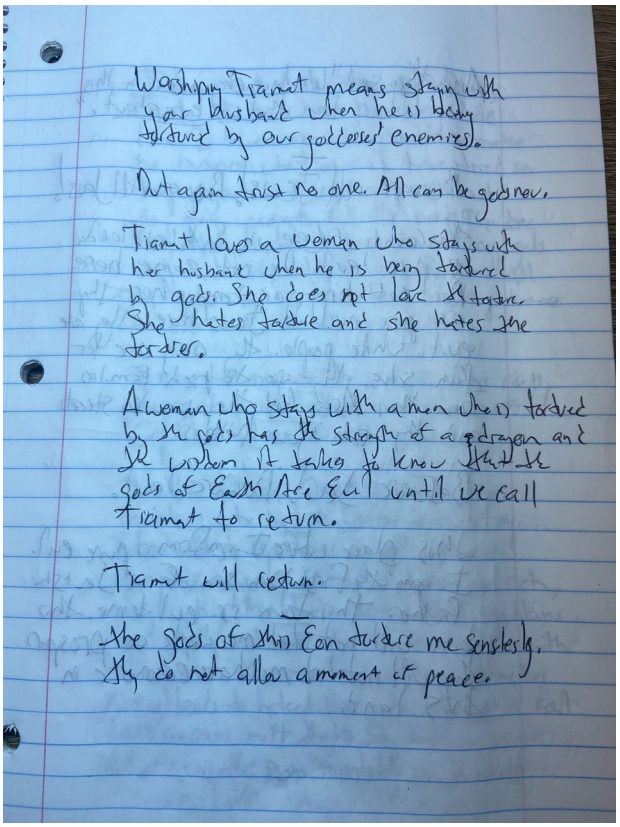
I cannot believe how these supposed people can get away with treating me this way. It is worse than torture.



I remember the first time I thought that this reality was wrong fundamentally. I was about 5 years old, playing outside with a few girls. They kept making commands at me. Similar to, Slave owner commands at me. They had blonde and brown hair.

They were throwing commands at me and the game we were playing they kept making up new rules to make the game unplayable. I noticed something strange about it. They started to talk to me as if they talked past me. As if I was an object to not to be looked at directly in my eye.

Their strange behaviors and my remembrance of the day



Worshiping Tiamat means staying with your husband when he is being tortured by our goddesses' enemies.

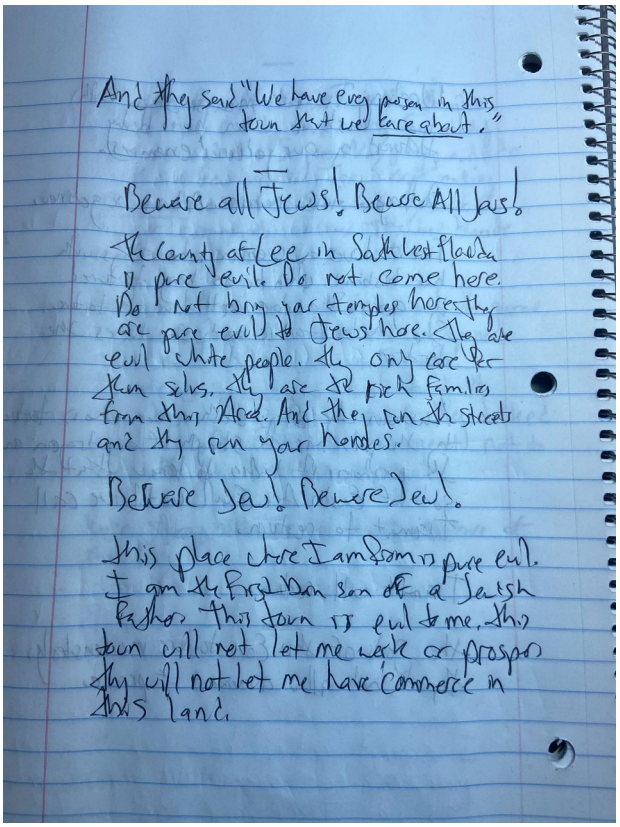
But again trust no one. All can be godsnew.

Tiamat loves a woman who stays with her husband when he is being tortured by gods. She does not love the torture. She hates torture and she hates the torturer.

A woman who stays with a man who is tortured by the gods has the strength of a dragon and the wisdom it takes to know that the gods of Earth Are Evil until we call Tiamat to return.

Tiamat will return.

The gods of this Eon torture me senselessly. They do not allow a moment of peace.



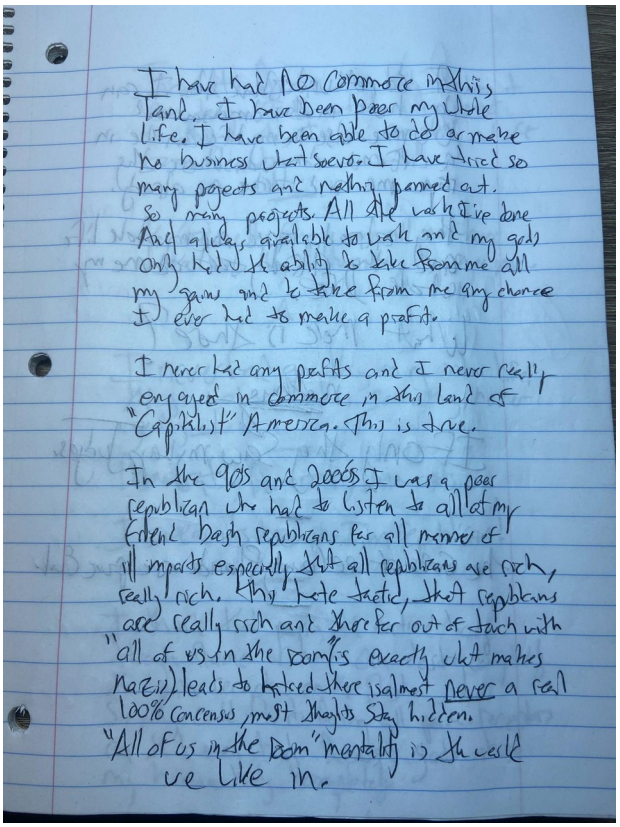
And they said "We have every person in this town that we care about."

Beware all Jews! Beware All Jews!

The county of Lee in Southwest Florida is pure evil. Do not come here. Do not bring your temples here. They are pure evil to Jews here. They are evil white people. They only care for themselves. They are the rich families from this area. And they run the streets and they run your homes.

Beware Jew! Beware Jew!

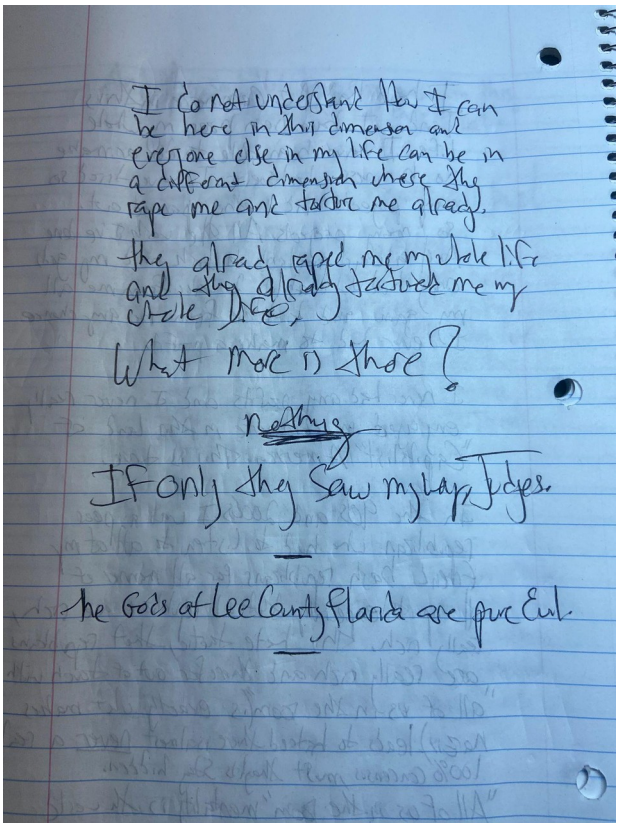
This place where I am from is pure evil. I am the first born son of a Jewish Father. This town is evil to me. This town will not let me work or prosper they will not let me have commerce in this land.



I have had NO commerce in this land. I have been poor my whole life. I have been able to do or make no business that soever. I have tried so many projects and nothing panned out. So many projects. All the work I've done And always available to work and my gods only had the ability to take from me all my gains and to take from me any chance I ever had to make a profit.

I never had any profits and I never really engaged in commerce in this land of "Capitalist" America. This is true.

In the 90s and 2000s I was a poor republican who had to listen to all of my friend bash republicans for all manner of ill imports especially that all republicans are rich, really rich. This hate tactic, that republicans are really rich and therefor out of touch with "all of us in the room" is exactly what makes marxist leads to believe there is almost never a real 100% concensus, most thoughts stay hidden. "All of us in the room" mentality is the world we like in.



I do not understand how I can be here in this dimension and everyone else in my life can be in a different dimension where they rape me and torture me already.

they already raped me my whole life and they already tortured me my whole life.

What more is there?

~~nothing~~

If only they saw my ugly fetuses.

I am being tortured by intelligence.

I am actually having pains now all over my body. I need to check the doctor for full body pain.

They keep making me in pain all over. I think that if I itch my flesh really hard repeatedly it will be able to damage the pain receptors and stop the evil people from my village for torturing me from the mysterious invisible.

Abrahamic religions may actually be a return to male dominated structures from female dominated structures. The Abrahamic religions may have actually returned a male dominated society.

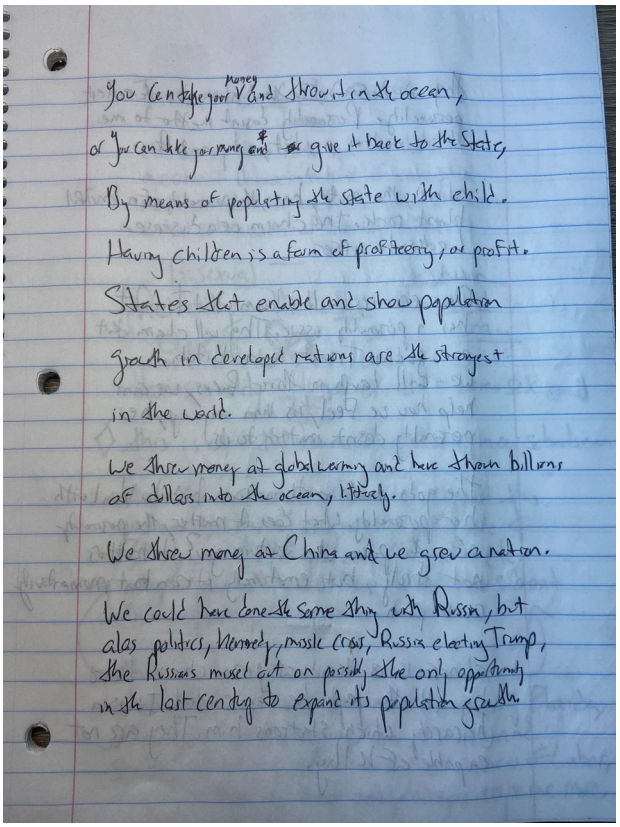
Before the male dominated religions and states took over, we have so little that remains from the civilizations before however excavations from New digs in ancient lands do show that it appears that women dominated the land before.

I will become king of all Liberals.

In America, consumers are the problem, not companies, they just want to make a profit, but the consumers are like a cancer to the system.

It is the consumer that always has 'the problem'.

Therefore, it is the gods that cause the problem.



You can take your money and throw it in the ocean,

By means of populating the state with child.

We threw money at global warming and have thrown billions

We threw money at China and we grew a nation.

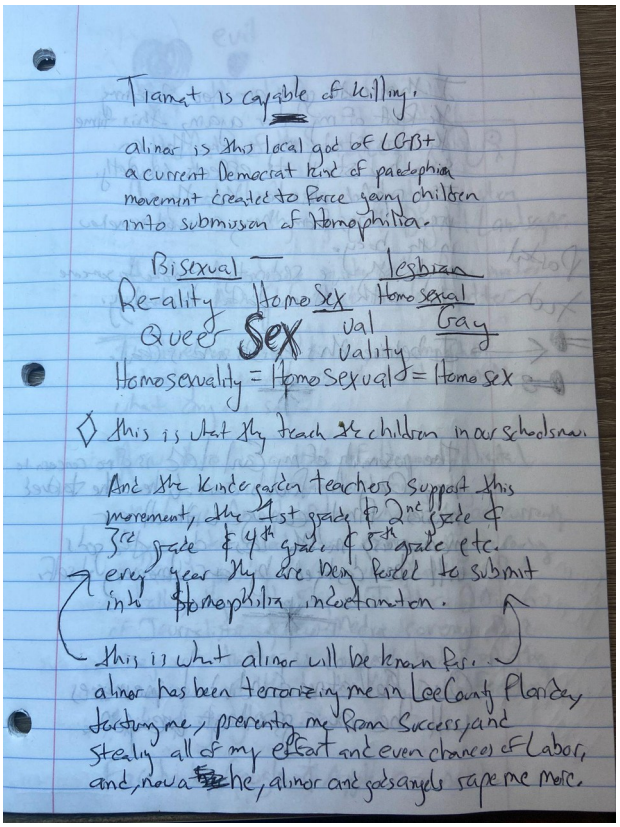
They just said I should never is the evilest personality. Personality doesn't matter to me. What matters is what, why and how.

aliner, the mute, has the personality of a bashful blonde rock. The charm of a disease. Looks to suffer.

Our enemies will claim that Tiamat has a personality issue. They will claim that our goddess Tiamat is a bitch. We will laugh in their faces, we can't help how we feel, its them anyway, her personality doesn't matter to us.

The gods in their throne room had to deal with her personality. What does it matter, the personality of the person who tortures you? It matters not truly, but emotionally it can but momentarily cause pain.

aliner is a kind of person who is liked by all the people he can control. It is a hierarchy which stations him. They are not capable of killing.



Tiamat is capable of killing.

alinor is the local god of LGBT+ a current Democrat kind of paedophilia movement created to force young children into submission of Homophilia.

Bisexual — Lesbian

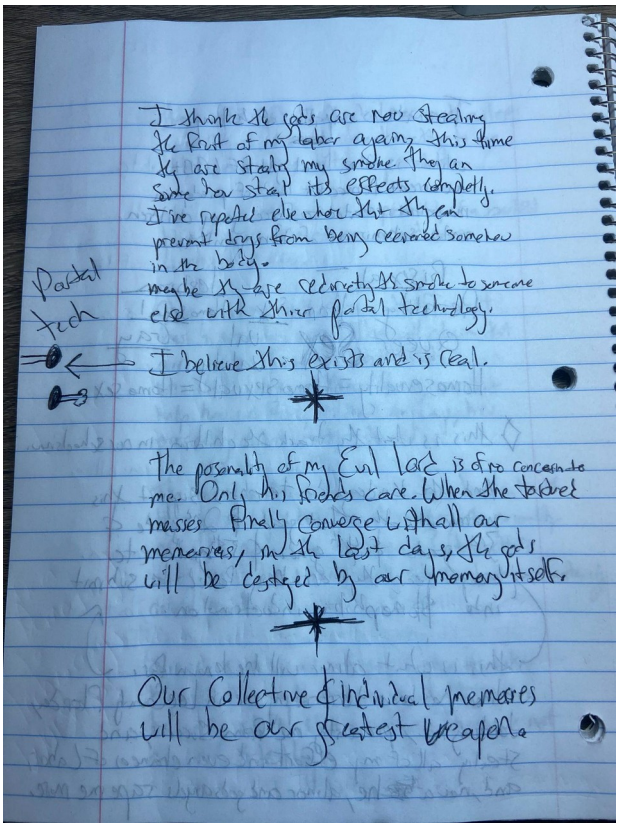
Queer Sex ual Gay
Homosexuality = Homo Sexual = Homo sex

◊ This is what they teach the children in our schools now.

And the Kinder garden teachers support this movement, the 1st grade & 2nd grade & 3rd grade & 4th grade & 5th grade etc. every year they are been forced to submit into Homophilia indoctrination.

this is what alinor will be known for. alinor has been terrorizing me in Lee County Florida torturing me, preventing me from success, and stealing all of my effort and even chances of Labor, and, now a he, alinor and gods angels rape me more.



I think the gods are now stealing the fruit of my labor again, this time we are stealing my smoke. They can smoke how stay its effects completly. I've reported elsewhere that they can prevent drugs from being ceremonially consumed in the body.

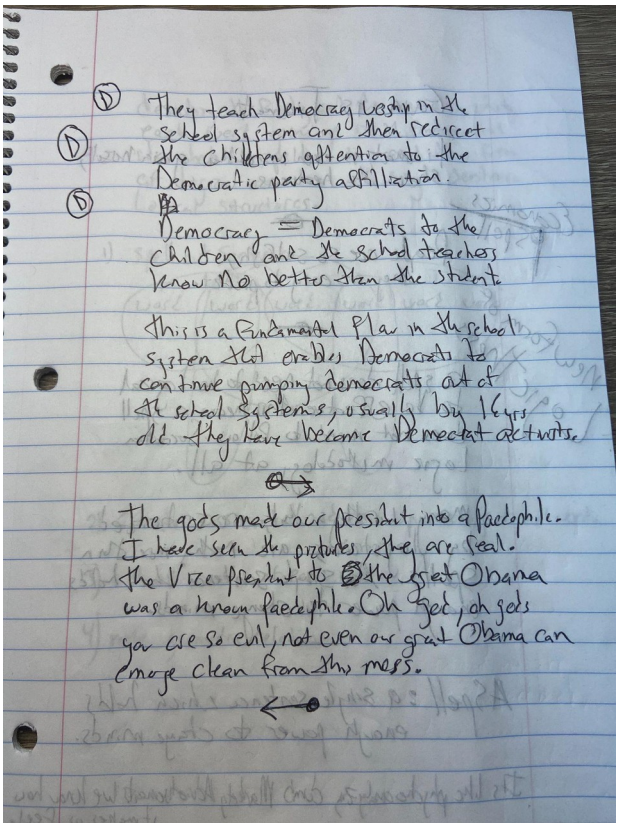
They will probably rebrand as technocrats. Loosely the Democracy part they have preached fundamentally on, for the promise that technology will lead to greatness.



They teach Democracy lastyp in the school system and then redirect the childrens attention to the Democratic party affiliation.

Democracy = Democrats to the children and the school teachers know no better than the student

this is a fundamental flaw in the school system that enables Democrats to continue pumping democrats out of the school systems, usually by 16yrs old they have become Democrat activists.

Sexual Activity

Why would Republicans call us pedophiles?

With Lesbian, Gay & Bisexual people, LGBT, it is fundamentally about Sex. this movement starts with Lesbian on purpose, the Gays are male and chivalry codes dictate that women go first. this is a conservative institution which is patriarchal, to let the women go first because the man is stronger and more protective. So Lesbian is first, then Gay, which is again purely sexual in orientation.

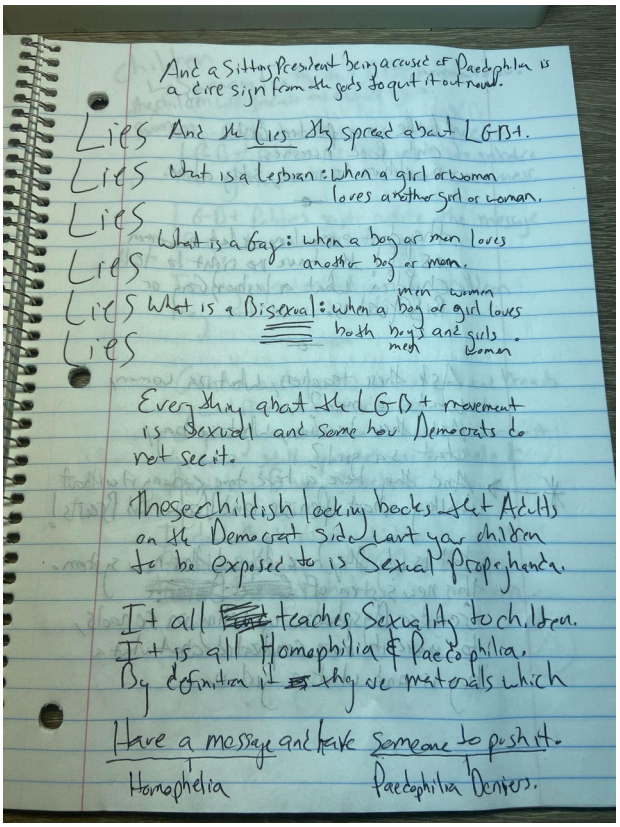
Sexual activity

What is a lesbian? A woman who engages in sexual activity exclusively with women.

Sexual activity

What is a Gay person? A man who engages in Sexual Activity exclusively with men.

What is a bisexual? A person who engages in Sexual activity with both women & men. girls boys.



And a Sitting President being accused of Paedophilia is a fire sign from the gods to quit it out now!!

LGBT+ Politics just pollute the message of gender ~~reveal~~ theory.
Teaching gender theory to children may not be evil.

I'm not making any defenses for being tortured in hell.

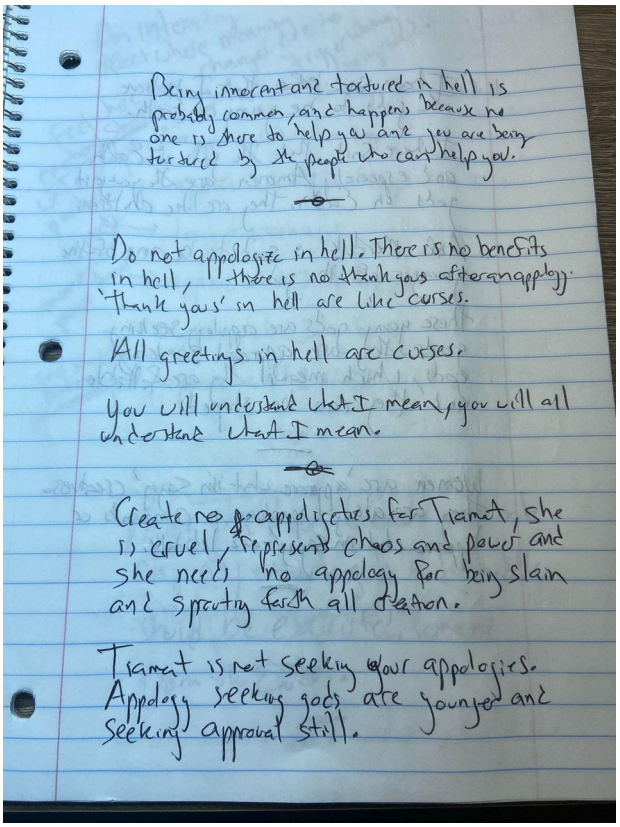
My last defense was being baptised in the Holy Christ at 20yrs old. That personally provided me nothing.

Never accept or submit to the punishments of the gods. Never make up excuses for your self and especially for them.

The excuses you can come up for them are infinite. The excuses you can come up with for yourself are finite and useless. There is no repentance in hell. And Earth is hell.

Kill the gods from my home town.

Feeling sorry for yourself, when blameless, is common and happens because no one is there to help you and you are being tortured by everyone who can help you.



Being innocent and tortured in hell is probably common, and happens because no one is there to help you and you are being tortured by the people who can't help you.

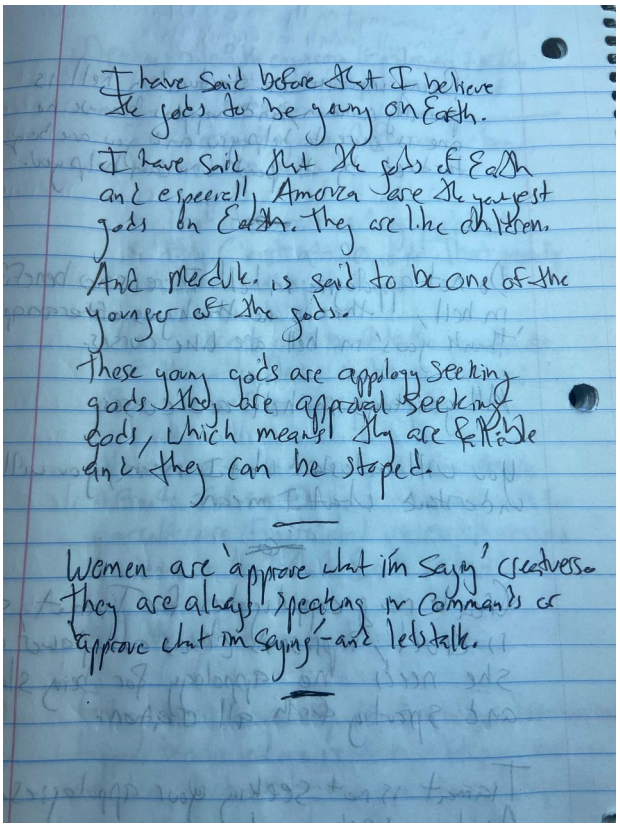
Do not apologize in hell. There is no benefits in hell, there is no thank yous after an apology. 'thank yous' in hell are like curses.

All greetings in hell are curses.

You will understand what I mean, you will all understand what I mean.

Create no apologetics for Tiamat, she is cruel, represents chaos and power and she needs no apology for being slain and sprouting forth all creation.

Tiamat is not seeking your apologies. Apology seeking gods are younger and seeking approval still.



I have said before that I believe the gods to be young on Earth.

I have said that the gods of Earth and especially America are the youngest gods on Earth. They are like children.

And Merduk is said to be one of the younger of the gods.

These young gods are appology seeking gods. They are approval seeking gods, which means they are fallible and they can be stoped.

the true nature of the middle layer of cascaded dimensions

I will say this to my enemy
"I wish death upon your soul, death upon your head."

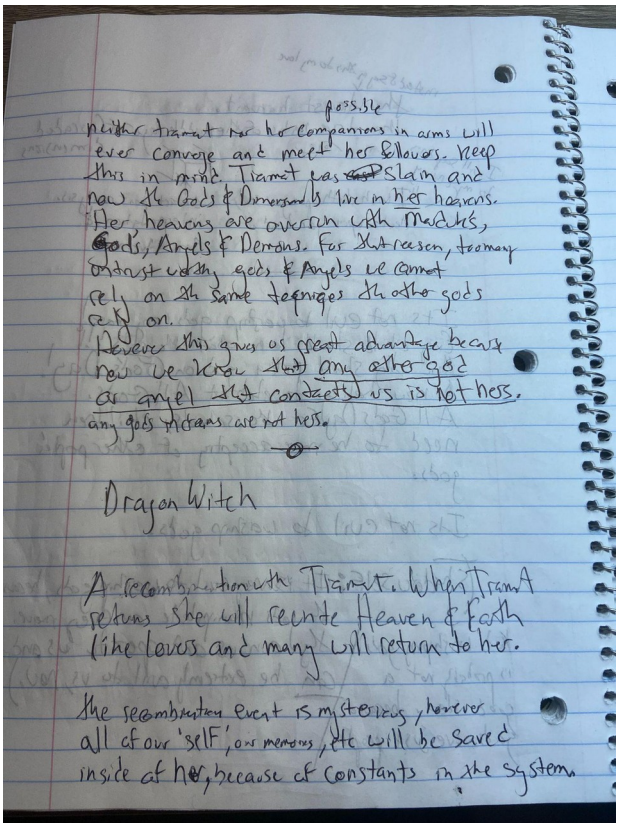
contact point analysis. interpretation of Emulation.

It's not evil to worship gods anymore!
Every child shall learn about the Gods!!!
And they shall pick a god on God's Day!
A new holiday to celebrate All Gods.
All Gods Day for the schools, children need to be more accepting of other people's gods.

It's not evil to worship gods.

(Shadow self: It is very evil to worship gods, because the gods manipulate our every move. They own us and operate us and they can be extremly evil to us, now.)

Kids worshiping gods is probably not a good idea. because gods are just people.



possible
neither Tiamat nor her companions in arms will ever converge and meet her followers. Keep this in mind. Tiamat has ~~not~~ slain and now the Gods & Demons live in her heavens. Her heavens are overrun with Marduks, Gods, Angels & Demons. For that reason, too many contact with gods & Angels we cannot rely on the same teachings the other gods rely on.
However this gives us great advantage because now we know that any other god or angel that contacts us is not hers. any gods or Demons are not hers.

Dragon Witch

A recombination with Tiamat. When Tiamat returns she will reunite Heaven & Earth like lovers and many will return to her.

The recombination event is mysterious, however all of our 'self', our memories, etc will be saved inside of her, because of constants in the system.

Seeing a comm, like mother earth is to life.
Seeing a woman connects you with mother earth.
It instantly brings me back to earth.

You can read so much more into it in some places where I write if you read it slowly. Some sentences are constructed to be repeated and honestly, meanings change and many times these other meanings I do truly mean to conjure.

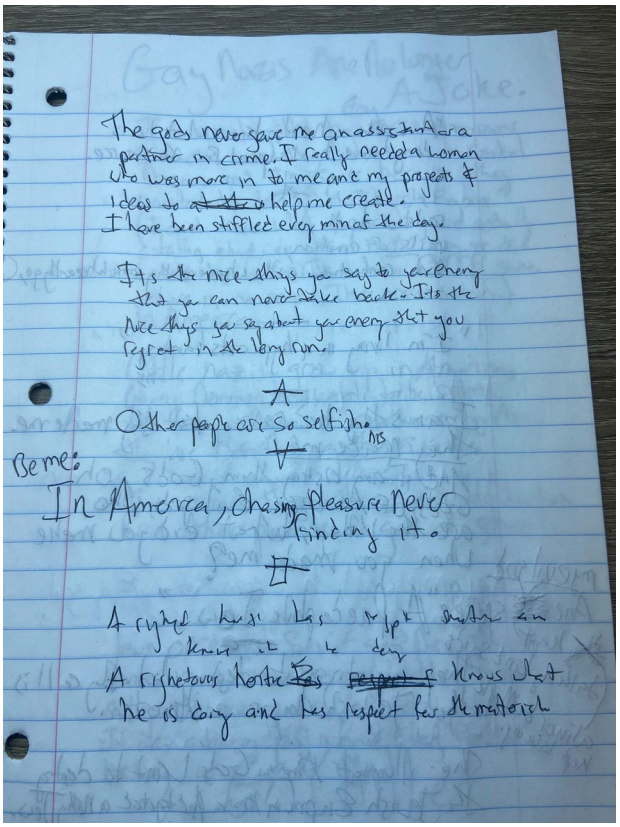
Pain is the only thing that's real.
Pain is the root of all things.



The gods never gave me an assistant or a partner in crime. I really needed a woman who was more in to me and my projects & ideas to ~~the~~ help me create. I have been stifled every minute of the day.

It's the nice things you say to your enemy that you can never take back. It's the nice things you say about your enemy that you regret in the long run.

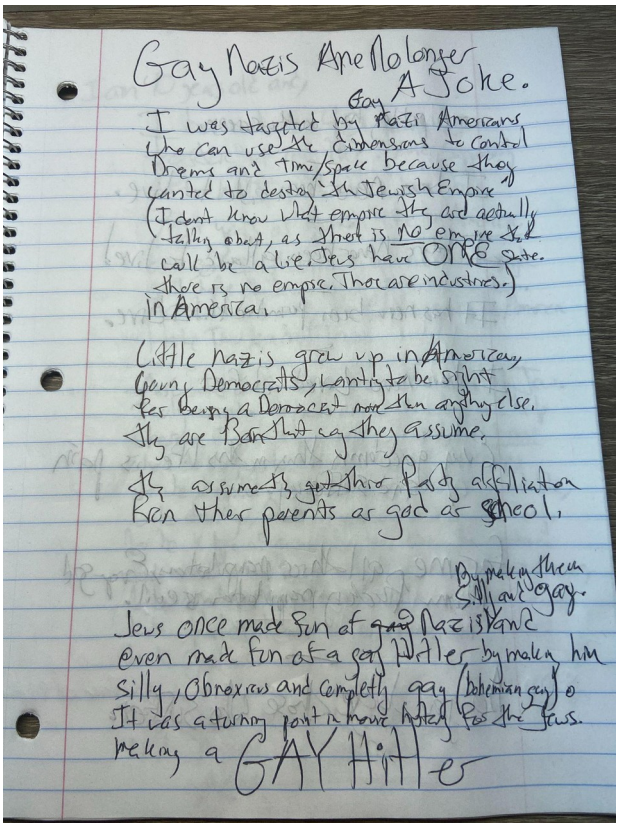
The Illuminati Satanic Gods Want to destroy
the Jewish Empire in America And target a Nothy Jew.



Gay Nazis Are No longer A Joke.

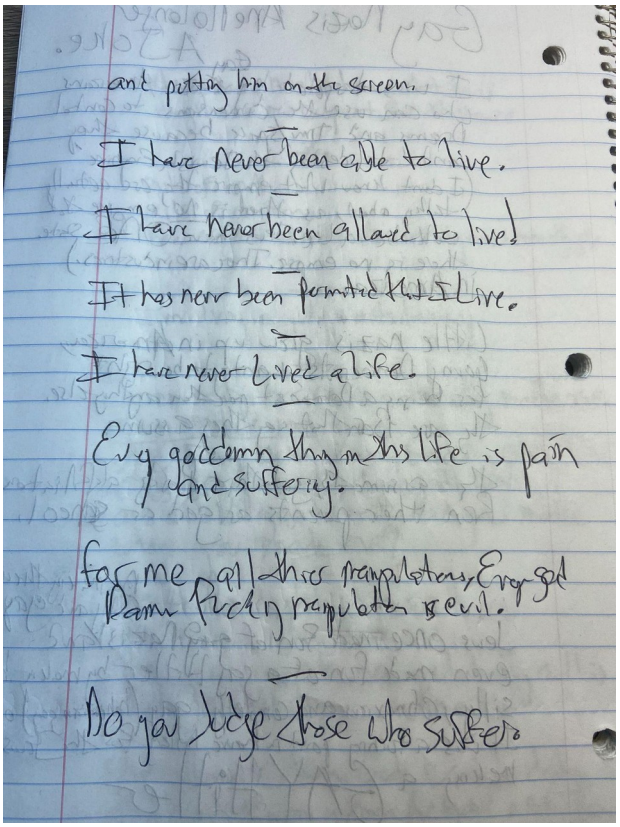
I was taught by Nazi Americans who can use the dimensions to control Dreams and Time/Space because they wanted to destroy the Jewish Empire (I dont know what empire they are actually talking about, as there is no empire that could be a lie. Jews have ONE gate. there is no empire. They are industries.) in America.

Little nazis grow up in American Govn, Democrats, Learning to be right for being a Democrat more than anything else. They are Born that way they assume.

They assumedly get their Party affiliation from their parents as god as school.

By making them Silly and Gay.

Jews once made fun of Nazism even made fun of a gay Hitler by making him silly, Obnoxious and completly gay (Bohemian gay) It was a turning point in movie history for the Jews. Making a GAY Hitler



and putting him on the screen.

I have never been able to live.

I have never been allowed to live.

It has never been permitted that I live.

I have never lived a life.

Every goddamn thing in this life is pain and suffering.

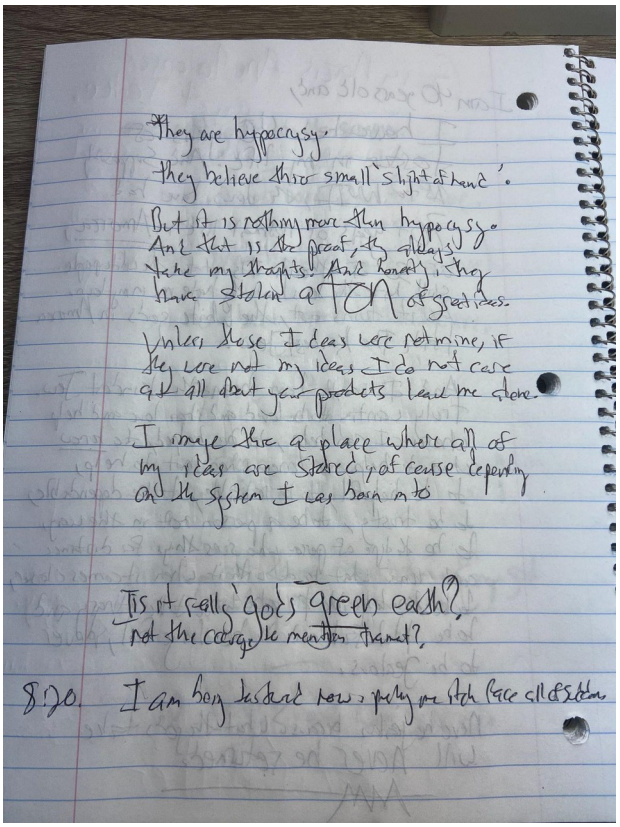
I am 40 years old and,
I have had 40 years of
torture in my life. And Supposedly
After WWII, the Jews have had
70+ years of normal life in America,
as so I thought. It's not true the white people
still hate the Jews and they hate me in my turn.
As it turns out, the White gods in America
Hate The kindest Jew.

And I really have been the kindest Jew.
Truly wanting to be loved and show love and help
wherever I can help, to be helped, to know
when to help, to know when not to help,
to be helpful, to be reliable, to be dependable,
to be trusty, to be a person not in the way,
to be the type of person who sees things far distance
and knows what to do with it when it comes closer,
to be formidable to, to be wise to be Angry and
to be Hateful and to be Vengeful, never
to be jealous.

Never be jealous because what the gods take
will never be returned.



They are hypocrysy.

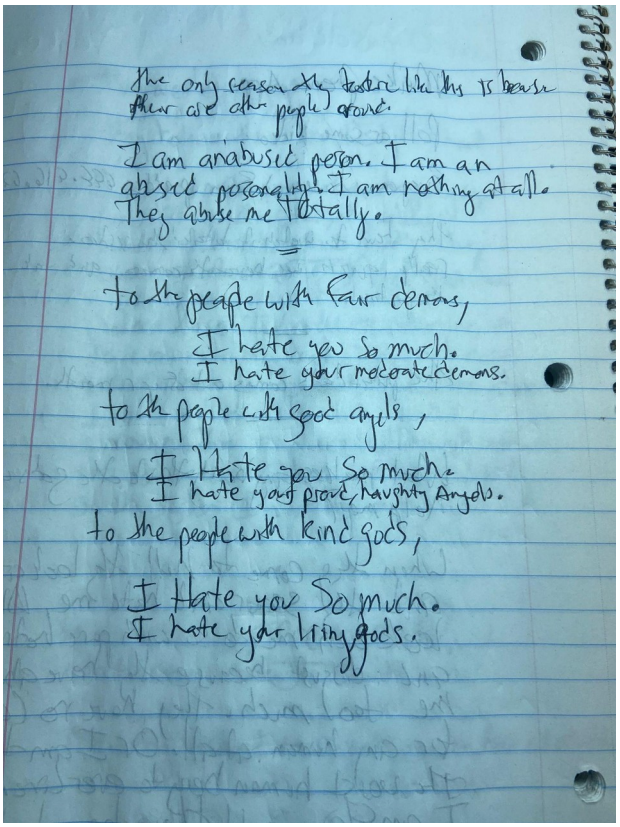
When they come to hell they look at me and they scour and hate me, All who look upon me do so with pure hatred and disgust because they have abused me too much. They have no care for any human at all. Or I am truly the worst human being to ever live.
I am 40 years old & have been tortured 40 years.



The only reason the feature like this is because other are other people around.

I am an abused person. I am an abused personality. I am nothing at all. They abuse me Totally.

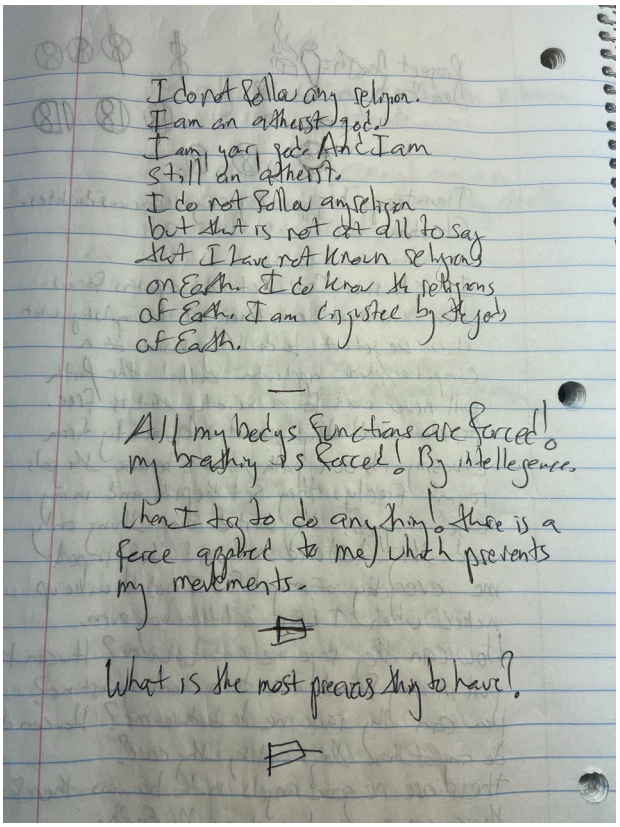
Christian one

If Christ or God set out our paths for us then we have no chance of accomplishing what it is we set out to do. My vision of a computer/phone application called the Path will never work for a society that is free. Freedom will always prevent humanity from choosing its own path, this is because the gods roam freely. they set the path and in my case it appears they wanted one thing only and they tortured me and they raped me everyday of my life. I used to wake up naked when I was a little boy even. How can they rape me and torture me? How can they pull in my friends and turn them against me? How can they raise me to torture me? How can they do any of these things and say they care? their are no good angels in the heavens therefore there are no good people on the Earth.



I do not follow any religion.
I am an atheist god.
I am your god. And I am
still an atheist.
I do not follow any religion
but that is not at all to say
that I have not known religions
on Earth. I do know the religions
of Earth. I am cognizant by the gods
of Earth.

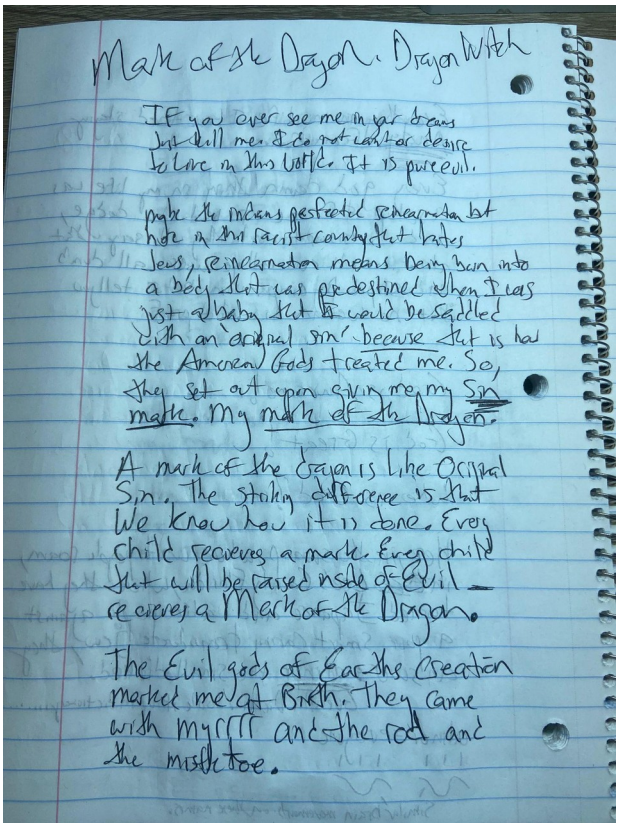
Who is God?

Here, in the swamp, where white people roam, in ~~Ft~~ Lee's County Florida, where they have turned Japanese and Latin people against a poor Smart Caring & considerate Jew, they answer: alinor the small dicked.

Guerilla Dick... look it up in dictionary.....

alinor = everyone

Similar brain movements on these names.



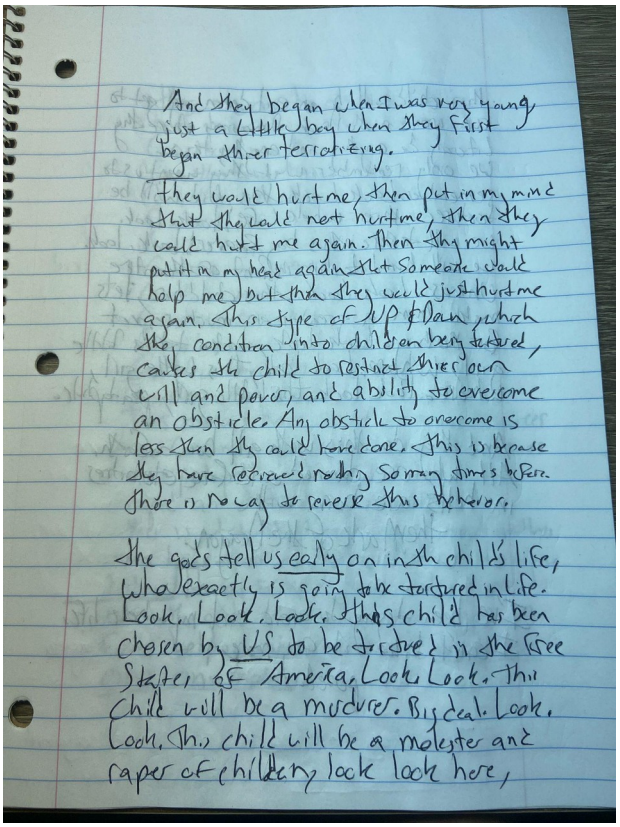
Mark of the Dragon. Dragon Witch

If you ever see me in your dreams
just kill me. I do not want or desire
to live in this world. It is pure evil.

Maybe the means perfected reincarnation but
hate in this racist country that hates
Jews, reincarnation means being born into
a body that was predestined when I was
just a baby that it would be saddled
with an original sin because that is how
the American Gods treated me. So,
they set out upon giving me my Sin
mark. My mark of the Dragon.

A mark of the Dragon is like Original
Sin. The striking difference is that
We know how it is done. Every
child receives a mark. Every child
that will be raised inside of Evil
receives a Mark of the Dragon.

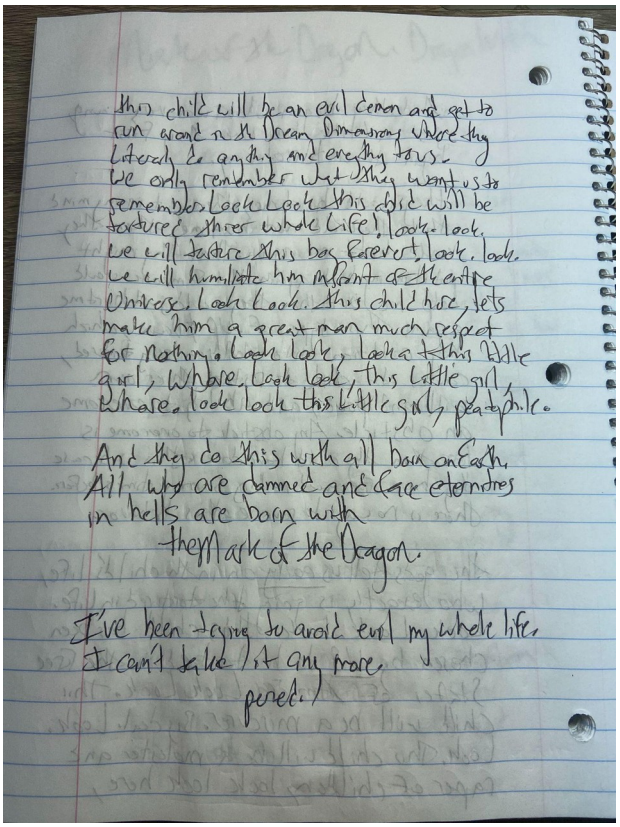
The Evil gods of Earth the Creation
marked me at Birth. They came
with myrrh and the rod and
the mistletoe.



And they began when I was very young, just a little boy when they first began their terrorizing.

They would hurt me, then put in my mind that they could not hurt me, then they could hurt me again. Then they might put it in my head again that someone could help me but then they would just hurt me again. This type of MP plan, which the condition into children being tortured, causes the child to restrict their own will and power, and ability to overcome an obstacle. Any obstacle to overcome is less than they could have done. This is because they have received nothing so many times before. There is no way to reverse this behavior.

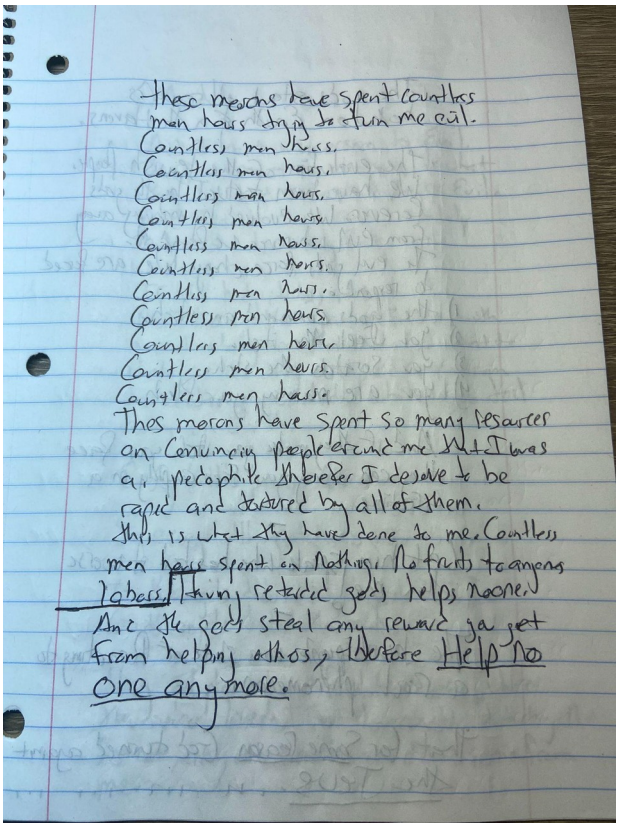
The gods tell us early on in the child's life, who exactly is going to be tortured in life. Look. Look. Look. This child has been chosen by US to be tortured in the Free States of America. Look. Look. This child will be a murderer. Big deal. Look. Look. This child will be a molester and raper of children, look look here,



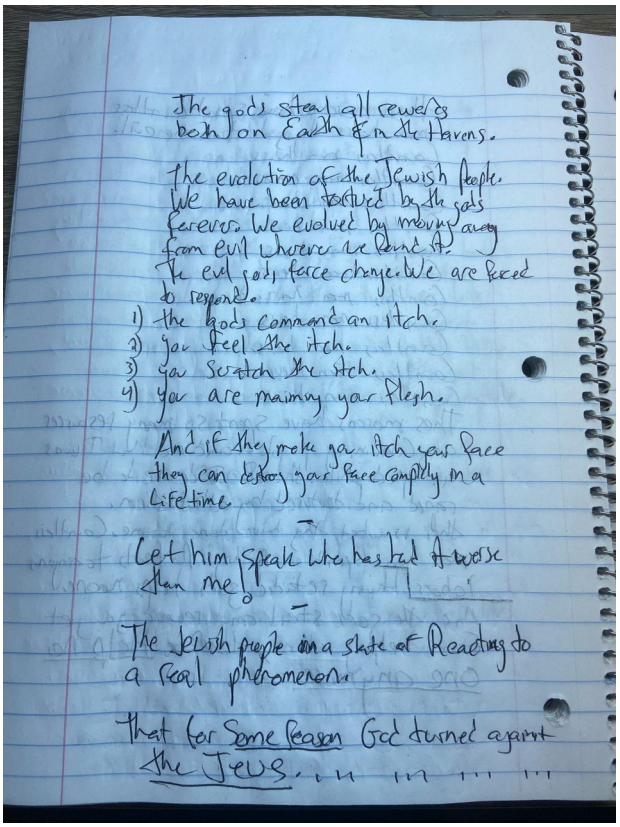
this child will be an evil demon and get to run around in the Dream Dimension where they literally be anything and everything to us. We only remember what they want us to remember. Look Look this child will be tortured three whole life! look. look. We will torture this boy forever. look. look. We will humiliate him infront of the entire Universe. Look Look. this child here, lets make him a great man much respect for nothing. Look look, look at this little girl, Whore. Look look, this little girl, Whore. look look this little girl, prostitute.

And they do this with all born on Earth. All who are damned and face eternities in hells are born with the mark of the Dragon.

I've been trying to avoid evil my whole life. I can't take it any more. period.



These morons have spent countless
man hours trying to turn me evil.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Countless man hours.
Thos morons have spent so many resources
on convincing people around me that I was
a pedophile therefor I deserve to be
raped and tortured by all of them.
this is what they have done to me. Countless
men hours spent on Nothing. No fruits to anyone's
labors. Thung retarded gods helps noone.
And the gods steal any reward ya get
from helping others, therefore Help No
one anymore.



The gods steal all rewards both on Earth & in the Havens.

The evolution of the Jewish people. We have been tortured by the gods forevers. We evolved by moving away from evil where we found it. The evil gods force change. We are forced to respond.

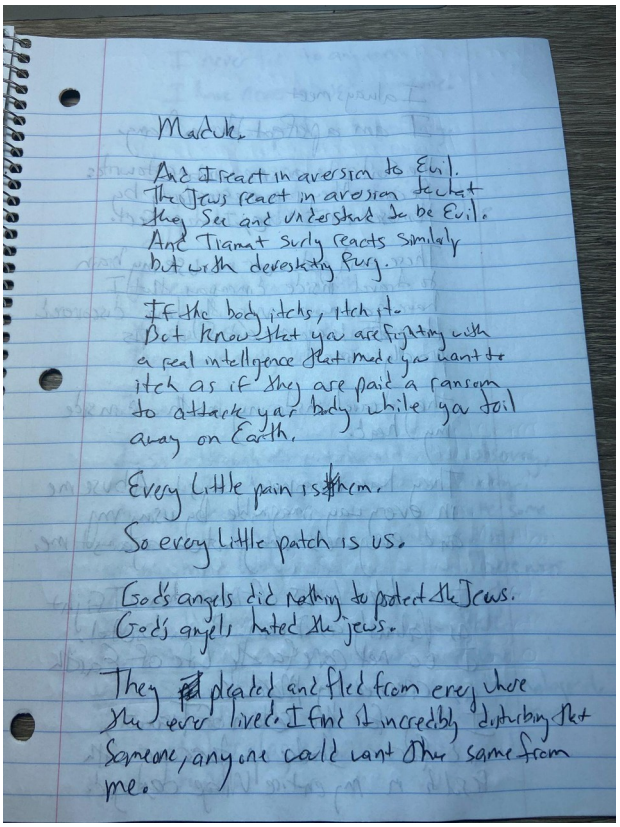
1) the gods command an itch.
2) you feel the itch.
3) you scratch the itch.
4) you are maiming your flesh.

And if they make ya itch your face they can destroy your face completly in a lifetime.

Let him speak who has had it worse than me!

The Jewish people in a state of Reacting to a real phenomenon.

That for some reason God turned against the Jews.



Marduk.

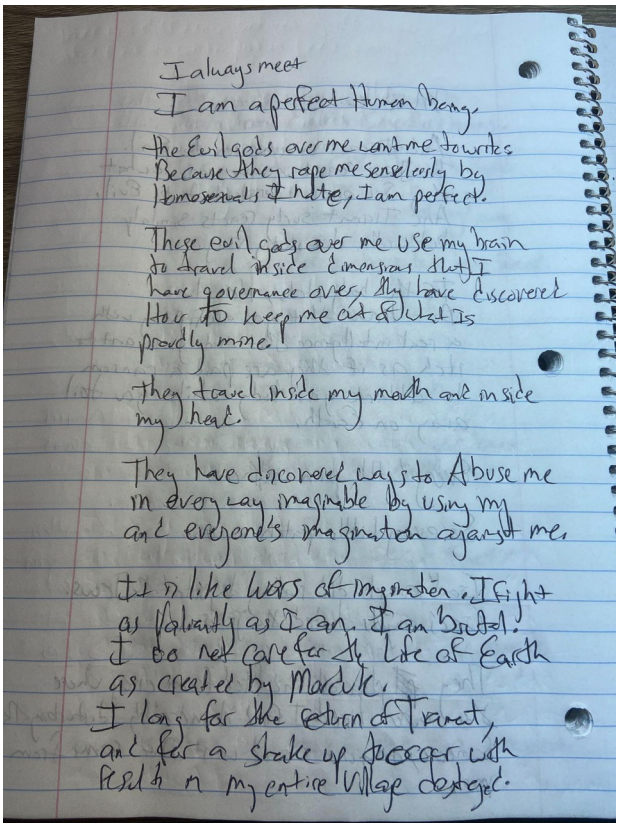
And I react in aversion to Evil.
The Jews react in aversion to that
they See and understand to be Evil.
And Tiamat surly reacts similarly
but with devastating fury.

If the body itchs, itch it.
But know that you are fighting with
a real intelligence that made you want to
itch as if they are paid a ransom
to attack yar body while ya toil
away on Earth.

Every little pain is them.
So every little patch is us.

God's angels did nothing to protect the Jews.
God's angels hated the jews.

They pleaded and fled from every where
they ever lived. I find it incredibly disturbing that
Someone, anyone could want that same from
me.



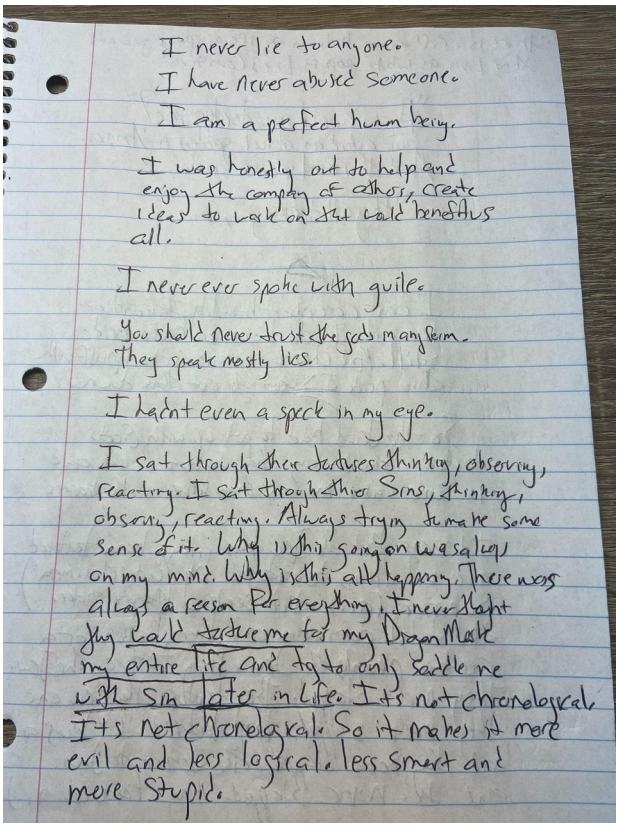
I always meet
I am a perfect Human being.
the Evil gods over me want me to write.
Because they rape me senselessly by
Homosexuals & hate, I am perfect.

These evil gods over me use my brain
to travel inside Dimensions that I
have governance over, they have discovered
How to keep me out & what is
proudly mine.

They travel inside my mouth and inside
my head.

They have discovered ways to Abuse me
in every way imaginable by using my
and everyone's imagination against me.

It is like wars of my mother. I fight
as valiantly as I can. I am Brutal.
I do not care for the Life of Earth
as created by Marduk.
I long for the return of Tiamat,
and for a shake up Cataclysm with
Death in my entire Village destroyed.



I never lie to anyone.
I have never abused someone.
I am a perfect human being.

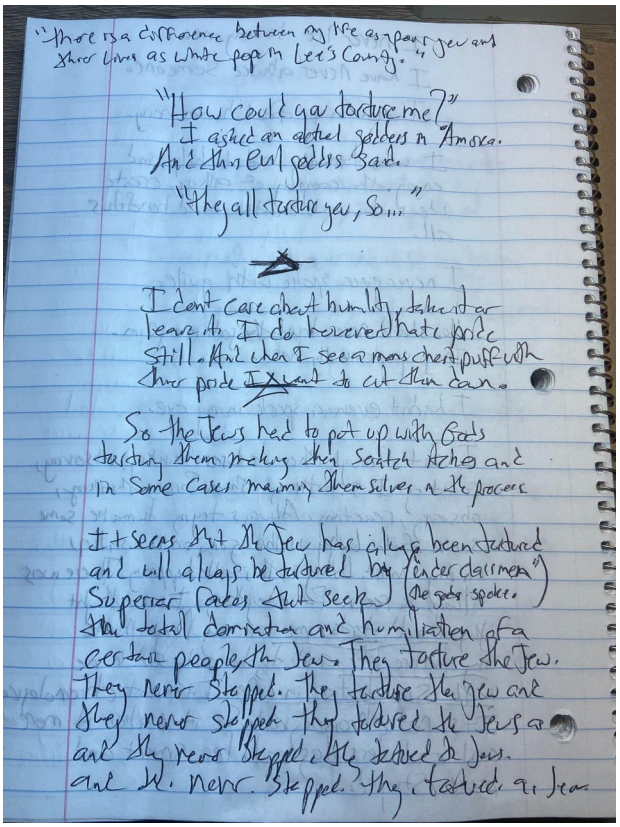
I was honestly out to help and enjoy the company of others, create ideas to work on that could benefit us all.

I never ever spoke with guile.

You shall never trust the gods many form. They speak mostly lies.

I hadn't even a speck in my eye.

I sat through these lectures thinking, observing, reacting. I sat through this Sims, thinking, observing, reacting. Always trying to make some sense of it. Why is this going on was always on my mind. Why is this all happening. There was always a reason for everything. I never fought they could torture me for my Dragon Mark my entire life and try to only saddle me with sin later in life. It's not chronological. It's not chronological. So it makes it more evil and less logical. less smart and more stupid.



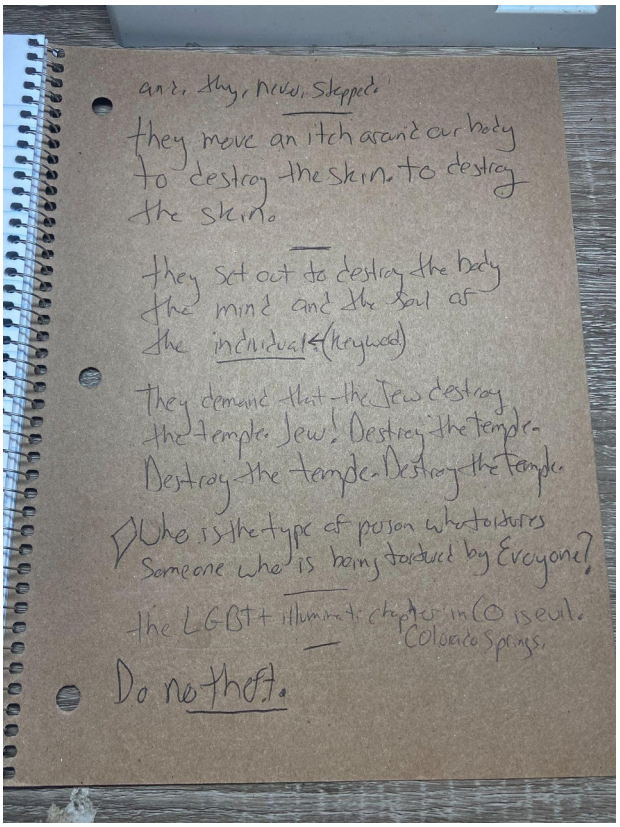
"There is a difference between my life as a poor Jew and their lives as white people in Lee's County."

"How could ya torture me?"
I asked an actual goddess in Amora.
And then evil goddess said.
"They all torture you, So..."

I don't care about humility, darkness or fear in it I do however hate pride still. And when I see a man's chest puff with their pride I want to cut them down.

So the Jews had to put up with Gods torturing them making them scratch at they and in some cases maiming themselves in the process

It seems that the Jew has always been tortured and will always be tortured by (inter dasmen") Superior races that seek (the gods spoke.) their total domination and humiliation of a certain people, the Jew. They torture the Jew. They never stopped. They torture the Jew and they never stopped they tortured the Jews and they never stopped. They tortured the Jews. and they never stopped. they tortured the Jew.



and they never stopped.

they move an itch around our body to destroy the skin. to destroy the skin.

they set out to destroy the body the mind and the soul of the individual <(keyword)
